19	IS: 5785 (Part III)-1970 Method for performance tests for surface active agents Part II Foaming power	.	This standard prescribes two methods for the measurement of the foaming power of a surface active agent. The methods are applicable to all surface active agents. Method A, known as the Ross-Miles method, shall be the referee method and shall be used in case of any dispute. Method B shall be the alternate method. (Price Rs. 4.00)
20	IS: 5877-1971 Specification for Barium sulphide, technical (black ash)	..	This standard prescribes the requirements and the methods of sampling and test for barium sulphide technical, known in the trade as 'black ash'. (Price Rs. 2.50)
21	IS: 5878 (Part II/Sec. 3)-1971 Code of practice for construction of tunnels Part II underground excavation in rock Section 3 Tunnelling method for steeply inclined Tunnels, shafts and underground power houses	..	This standard deals with special features involved in tunnelling operations on steeply inclined tunnels, shafts and underground power houses. (Price Rs. 4.00)

(1)	(2)	(3)	(4)
22	IS: 5902-1970 Specification for aluminium and aluminium alloy rivet stock for cold forged rivets for aircraft purposes.	.	This standard covers requirements for aluminium and aluminium alloy rivet stock for cold forged rivets for aircraft purposes. (Price Rs. 2.50)
23	IS 5921 (Part I)-1970 Specification for metal-clad base materials for printed circuits for use in electronic and telecommunication equipment Part I General requirements and tests	.	This standard prescribes general requirements and methods of testing electrical, mechanical, climatic and other properties of metal-clad base materials in sheet form for application in the field of printed circuits in telecommunication and allied electronic equipment irrespective of the nature of insulating base material (Price Rs. 10.00)
24	IS: 5929-1970 Inspection and testing procedure for circular steel tubes for aircraft purposes	.	This standard covers the inspection and testing procedure for circular steel tubes for aircraft purposes. (Price Rs. 8.00)
25	IS: 5933-1970 Tolerances for thrust ball bearings with flat seats	.	This standard covers tolerances for thrust ball bearings with flat seats conforming to IS: 5932-1970 'Boundary dimensions for thrust ball bearing with flat seats'. (Price Rs. 5.00)
26	IS: 5934-1970 Chamfers and fillet radii for rolling bearings	.	This standard specifies the chamfer dimension limits for rolling bearings conforming to IS: 3697-1966 'Boundary dimensions for tapered roller bearings' IS: 3669-1970 'General plan of boundary dimensions for radial rolling bearings' and IS: 5932-1970 'Boundary dimensions of thrust bearing with flat seats'. (Price Rs. 3.00)
27	IS: 5935-1970 Radial internal clearances in unloaded radial rolling bearings	..	This standard specifies radial internal clearances for radial ball and roller bearings. (Price Rs. 5.00)
28	IS: 5941-1970 Specification for dental engine, electric	.	This standard covers the requirements of electric dental engine. (Price Rs. 4.00)
29	IS: 5957-1970 Dimensions for screw threads for thread forming tapping screws	.	This standard covers the dimensions for screw threads for thread forming tapping screws in diameter range 1.5 to 8 mm (size range 0 to 16). (Price Rs. 3.00)
30	IS: 5559 (Part II)-1970 Specification for polyethylene insulated and PVC sheathed (heavy duty) electric cables. Part II for working voltages from 3.3 kV up to and including 11 kV	..	This standard covers the requirements for the following categories of armoured single-core and three-core polyethylene insulated and PVC-sheathed power cables for electricity supply purposes: (a) Cable for 3.3 kV, 6.6 kV and 11 kV earthed systems; and (b) Cables for 3.3 kV and 6.6 kV unearthed systems (Price Rs. 7.50)
31	IS: 5968-1970 Guide for planning and layout of canal system for irrigation	.	This standard covers planning and layout of canal system for irrigation. (Price Rs. 3.50)
32	IS: 5984-1971 Specification for glass shells for miniature lamps	.	This standard prescribes the requirements and the methods of sampling and test for judging the quality and dimensions of clear glass shells up to 40 mm in diameter for miniature lamps. (Price Rs. 2.50)
33	IS: 5988-1970 Specification for spring dowel sleeves (light and heavy patterns) for use in foundries	.	This standard prescribes the requirements for spring dowel sleeves for use in foundries. Also used as spring dowel pins. (Price Rs. 5.00)
34	IS: 5998-1971 Specification for parallel sided clamp plates	.	This standard prescribes the dimensions and requirements for parallel sided clamp plates used in holding work pieces in place when they are being machined. (Price Rs. 3.00)

(1)	(2)	(3)	(4)
35	IS: 6007-1971 Specification for pipe vices (hinged type)	.	This standard covers the requirements for hinged type pipe vices commonly used for clamping pipes. (Price Rs 3 50)
36	IS: 6017-1971 Specification for thermometer for whirling psychrometers	.	This standard prescribes the requirements for thermometer for use in whirling psychrometers (Price Rs 2 50)
37	IS 6020-1970 Specification for mouth mirror and mouth mirror handle, dental	.	This standard covers the requirements for glass mirror and mirror handle suitable for dental use. (Price Rs. 4 00)
38	IS: 6022-1971 Specification for fast green FCF, food grade	.	This standard prescribes the requirements and the methods of test for fast green FCF, food grade. (Price Rs 3 50)
39	IS: 6029-1971 Specification for wool green BS, food grade	.	This standard prescribes the requirements and the methods of test for wool green BS, food grade. (Price Rs. 4 00)
40	IS: 6031-1971 Specification for calcium propionate, food grade	.	This standard prescribes the requirements and the methods of test for calcium propionate used as food additive (Price Rs 3 50)
41	IS: 6048-1970 Specification for temporary corrosion preventive, soft film, hot dipping type	—	This standard prescribes the requirements and methods of sampling and test for soft film, hot dipping type temporary protectives for metal parts during storage and transport (Price Rs. 5 00)
42	IS: 6059-1971 Recommendation for liquid flow measurement in open channels by weirs and flumes—weirs of finite crest width for free discharge	.	This standard details the recommendations for the use of full-width rectangular weirs of finite crest width with free-discharge nappe for the measurement of flow of clear water in open channels. (Price Rs 4 00)
43	IS: 6066-1971 Recommendations for pressure grouting of rock foundations in river valley projects	.	These recommendations are intended to cover primarily the grouting of rock by cement with and without suitable admixtures and fillers Such as sodium silicate, clay, sand and bentonite (Price Rs. 8 50)
44	IS 6069-1971 Specification for sliding seat exerciser	.	This standard prescribes the dimensional and other requirements for sliding seat exerciser used extensively for exercising legs and arms. (Price Rs. 5 00)
45	IS: 6071-1970 Specification for synthetic separators for lead-acid batteries	..	This standard covers the requirements and the methods of testing for synthetic separators used in lead acid storage batteries (Price Rs. 6 00)
46	IS : 6072-1971 Specification for autoclaved reinforced cellular concrete wall slabs	..	This standard covers the requirements for autoclaved reinforced cellular concrete wall slabs, having density above 450 and up to 1000 kg/m ³ (Price Rs 5 50)
47	IS. 6073-1971 Specification for autoclaved reinforced cellular concrete floor and roof slabs	..	This standard covers the requirements for autoclaved reinforced cellular concrete floor and roof slabs, having density above 450 and up to 1000 kg/m ³ (Price Rs 5 50)
48	IS: 6078-1971 Specification for lineman's pliers	..	This standard prescribes requirements for two types of lineman's pliers. (Price Rs 2 50)
49	IS: 6090-1971 Specification for cam operated clamps	.	This standard prescribes dimensions and requirements for cam operated clamps used in holding work pieces in place when they are being machined. (Price Rs 3 00)
50	IS 6092 (Part I)-1971 Methods of sampling and test for fertilizers Part I sampling	.	This standard prescribes the methods of drawing representative test samples of fertilizers from bags as well as from heaps and wagons (Price Rs 2 50)

(1)	(2)	(3)	(4)
51	IS: 6094-1971 Specification for hexagon socket grub screws	..	This standard covers the requirements for hexagon socket grub screws in the diameter range 3 to 24 mm (Price Rs. 5.00)
52	IS: 6105-1971 Specification for feed fingers	..	This standard covers the requirements for the two types of feed fingers : (Price Rs. 3.00)
53	IS: 6106-1971 Specification for tables, operation, hydraulic, minor	..	This standard lays down constructional and performance requirements of manually controlled hydraulic minor operation tables. (Price Rs. 3.50)
54	IS: 6109-1971 Specification for edible sesame flour (expeller pressed)	..	This standard prescribes the requirements and the methods of sampling and test for edible sesame flour obtained by the expeller process. (Price Rs. 2.50)
55	IS: 6127-1971 Specification for varnish, spar and fungicidal	..	This standard prescribes the requirements and the methods of sampling and test for varnish, spar and fungicidal. (Price Rs. 5.50)
56	IS: 6135-1971 Specification for soda ash, fused, technical	..	This standard prescribes the requirements and the methods of sampling and test for soda ash, fused, technical. (Price Rs. 3.50)
57	IS: 6154-1971 Specification for perforated plates for desiccators	..	This standard prescribes the requirements and the methods of sampling and test for perforated plates for desiccators. (Price Rs. 3.50)
58	IS: 6136-1971 Basic Requirements for cathode ray tubes	..	This standard covers the basic requirements relating to cathode ray tubes, such as those used in oscilloscopes, television and radar and the format for the presentation of device data to be furnished for specific types of cathode ray tubes. (Price Rs. 2.50)
59	IS: 6168-1971 Specification for C hooks with eye for marine purposes	..	This standard prescribes the requirements for high tensile steel C hooks (grade 40) with the eye accepting a shackle pin for use as part of the lifting equipment for loading or unloading ships. (Price Rs. 3.50)
60	IS: 6187-1971 Specification for saw, wire (Gigli pattern)	..	This standard prescribes the dimensions and other requirements for Gigli pattern wire saw of sizes 30, 40, 50, 60 and 70 cm. (Price Rs. 3.00)

क्रा० अा० 398.—समय-समय पर संशोधित भारतीय मानक संस्था (प्रमाणन बिल) विनियम, 1955 के विनियम 3 के उपविनियम (2) और (3) के अनुसार भारतीय मानक संस्था द्वारा अधिसूचित किया जाता है कि नीचे अनुसूची में जिन भारतीय मानकों के बारे में निर्धारित किए गए हैं :-

अनुसूची

क्रमांक	निर्धारित भारतीय मानक की पदसंख्या और शीर्षक	नए भारतीय मानक द्वारा रद्द हुए भारतीय मानक यदि हों, की पद संख्या और शीर्षक	संक्षिप्त विवरण
(1)	(2)	(3)	(4)
1	IS : 297-1970 सोडियम सल्फाइड तकनीकी, की विशिष्टि (पहला पुनरीक्षण)	IS : 297-1951 सोडियम सल्फाइड तकनीकी की विशिष्टि	इस मानक में सोडियम सल्फाइड तकनीकी के बारे में बानगी लेने तथा परीक्षण की पद्धतियां निर्धारित की गई हैं। (मूल्य रु० 5.50)
2	IS : 809-1970 सामान्य कार्यों के लिए रबड़ की फर्श देने की सामग्री (पहला पुनरीक्षण)	IS : 809-1957 सामान्य कार्यों के लिए रबड़ की फर्श देने की सामग्री	इस मानक में रचना, न्यूनतम अपेक्षाएं और कारीगरी दी गई है तथा घरेलू और सरकारी इमारतों, सिनेमा, अस्पतालों, बड़े स्टोरो जलयानों, परिवहन-गाड़ियों के फर्शों पर लगाने के उपयुक्त रबड़ की सामग्रियों के विषय में परीक्षण भी दिए हैं। (मूल्य रु० 4.00)
3	IS : 1348-1971 कच्ची ऊन में भट्टे रेशों की मात्रा निकालने की पद्धति (पहला पुनरीक्षण)	IS : 1348-1959 कच्ची ऊन में भट्टे रेशों की मात्रा निकालने की पद्धति	इस मानक में कच्ची ऊन में भट्टे रेशों की मात्रा निकालने की पद्धति दी गई है। (मूल्य रु० 2.00)
4	IS : 1377-1971 ऊन के रेशे की मध्यम लम्बाई निकालने की पद्धति (दूसरा पुनरीक्षण)	IS : 1377-1959 ऊन के रेशे की मध्यम लम्बाई निकालने की पद्धति	इस मानक में ऊन के रेशों की मध्यम लम्बाई निकालने की पद्धति दी गई है। (मूल्य रु० 2.00)
5	IS : 1406-1971 द्रवों के लिए आयाताकार टिनों की विशिष्टि (दूसरा पुनरीक्षण)	IS : 1409-1963 द्रवों के लिए आयाताकार टिनों की विशिष्टि	इस मानक में द्रव भरने के काम आने वाले 10—लीटर, 5—लीटर, 3—लीटर, 2—लीटर, 15 लीटर, 500 मिली, 250—मिली के आयाताकार टिनों के बारे में अपेक्षाएं दी गई हैं। (मूल्य रु० 3.50)
6	IS : 1448-(भाग : 23)---1971 प्रतिदीप्त सूचक अधिशोषण द्वारा पेट्रोलियम के तरल पदार्थों में डाईकाबेन पाइपों का परीक्षण (भाग : 23) (दूसरा पुनरीक्षण)]	IS : 1448 (भाग 23)-1967 प्रतिदीप्त सूचक अधिशोषण द्वारा हाईड्रोकार्बन टाइपों (का परीक्षण)	यह पद्धति पेट्रोलियम प्रभावियों में जो 3150 से कम पर आसृत होते हैं, संतप्तियों, अतएरोमेटिक, ओलफिनो और एरोमेटिकों के निर्धारित के काम के लिए है। एरोमेटिक ओलफिनो कुछ डाइओलफिनो और गन्धक नाइट्रोजन या आक्सीजन वाले यौगिकों को एरोमेटिकों के रूप में निर्धारित किया जाता है। (मूल्य रु० 3.00)
7	IS : 1448 (भाग : 29)—1970 जेट-वाष्पन द्वारा ईंधनों में उपस्थित गोंद (का परीक्षण) (भाग : 23) (पहला पुनरीक्षण)	IS : 1448 (भाग 29)-1960 वाष्पन पर अवशेष और घोलक द्वारा धुला अवशेष वाष्पन	यह पद्धति परीक्षण के समय मोटर गैसोलिन और उड्डयन ईंधनों में उपस्थित गोंद की मात्रा निकालने के लिए है। (मूल्य रु० 2.00)

(1)	(2)	(3)	(4)
8	IS : 1448 (भाग : 30)-1970 अपरि- ष्कृत और ईंधन तेलों में निस्सारण द्वारा तलछट	IS : 1448 (भाग : 30)- 1960 निस्सारण द्वारा तल- छट	इस पद्धति में टाल्यूईन के साथ निस्सारण द्वारा अपरिष्कृत पेट्रोलियम और ईंधन तेलों में तलछट निकालना दिया गया है । (मूल्य रु० 1.50)
9	IS : 1448 (भाग : 50)-1971 पेट्रो- लियम और पेट्रोलियम उत्पादों की परीक्षण पद्धति : स्नेहको में क्लोरीन (भाग : 50) (पहला पुनरीक्षण)	IS : 1448 (भाग : 50)- 1963 स्नेहकों के तेलों में क्लोरीन	इस पद्धति में स्नेहक तेलों और ग्रीजों जिसमें क्लोरीनेटेड मिश्रक डाले गए हों, में क्लोरीन की मात्रा निकालने की रीति दी गई है । (मूल्य रु० : 1.50)
10	IS : 1448 (भाग : 60)-1971 शंकु- प्रवेक्ष्यता मापी द्वारा स्नेहक ग्रीज की गाढ़ापन निकालना (भाग : 60) (पहला पुनरीक्षण)	IS : 1448 (भाग : 60)- 1967 शंकु प्रवेक्ष्यतामापी द्वारा स्नेहक ग्रीजों का गाढ़ा- पन निकालना	इस पद्धति में मानक शंकु के प्रवेश द्वारा स्नेहक ग्रीजों का गाढ़ापन निकालने की पांच रीतियों दी गई है । (मूल्य रु० 3.00)
11	IS : 1984 (भाग 1)-1971 औषधीय निर्मितियों के लिए कांच के फाइल भाग : । आन्तरेतर विनिर्मित पदार्थों के लिए फाइलें (पहला पुनरीक्षण)	(1) : 490-1967 त्रैक्सीन फाइल की विशिष्टि (पहला पुनरीक्षण) (2) IS : 1984-1961 पेनि- सिलीन फाइल की विशिष्टि	इस मानक में आन्तरेतर औषधीय निर्मितियों को बन्द करने के लिए प्रयुक्त कांच की फाइलों के बारे में अपेक्षाएँ और बानगी लेने तथा परीक्षण की पद्धतियाँ दी गई हैं । (मूल्य रु० 3.50)
12	IS : 2032 (भाग 13)-1971 विद्युत टैक्नोलॉजी में प्रयुक्त लेखी प्रतीक, भाग 13 सूक्ष्मतरंग ट्यूब	—————	इस मानक में सूक्ष्मतरंग ट्यूबों पर लिखे जाने वाले प्रतीक दिए गए हैं । (मूल्य रु० 5.00)
13	IS : 2190-1971 आग बुझाने के सुवाह्य प्राथमिक साधनों के चुनाव, स्थापन और रखखाव की रीति संहिता (पहला पुनरीक्षण)	(1) IS : 935-1967 कार्बन ट्राक्लोराइड वाले सुवाह्य रसायनिक अग्नि शामकों की विशिष्टि (2) IS: 1933-1961 क्लोरो- मिथेन वाले सुवाह्य रसायनिक अग्नि-शामकों की विशिष्टि (3) IS : 2190-1962 आग बुझाने के सुवाह्य प्राथमिक साधनों के चुनाव स्थापन और रखखाव की विशिष्टि	इस मानक में आग बुझाने के सुवाह्य साधनों के चुनाव, स्थापन, रखखाव और परीक्षण के लिए सिफारिशों दी गई हैं । (मूल्य रु० 7.00)
14	IS : 2510-1971 सूती रिंग कटाई और गति फ्रेमों के निचले रोलरों की विशिष्टि (पहला पुनरीक्षण)	(1) : IS 2510-1966 सीधे सूती रिंग कटाई फ्रेमों के लिए निचले रोलरों की विशिष्टि (2) IS : 3977-1967 गति फ्रेमों के लिए निचले रोलरों की विशिष्टि	इस मानक में सूती रिंग कटाई फ्रेमों और गति फ्रेमों में काम आने वाले ऐसे सावे और प्रतिघर्षा बयरिंग दोनों प्रकार के निचले रोलरों (किसी विशेष पंक्ति में एक समान गेज वाले) के विषय में अपेक्षाएँ दी गई हैं जिनमें नलिकाकार, दातेदार अथवा भारी के दातोंनुमा बास होते हैं । (मूल्य रु० 3.00)

(1)	(2)	(3)	(4)
15	IS: 2720 (भाग 11)—1971 मृत्तिकाओं की परीक्षण पद्धतियाँ, भाग 11 उड़ले पानी के दाब के भाप बिना अंशघनित, निकासरहित त्रि अक्षीय संपीड़न में परीक्षण किए गए किसी नमूने का कर्तन सामर्थ्य प्राचल निकालना	—————	इस मानक में संतृप्त बबी मिट्टी के नमूने की त्रिअक्षीय संपीड़न उपकरण में संपीड़क सामर्थ्य निकालने का परीक्षण दिया गया है। यह परीक्षण उन स्थितियों में किया जाता है जब कोशीय दाब स्थिर रहता है और नमूने की कुल जल की मात्रा में कोई घट बढ़ नहीं होती। (मूल्य रु 5.00)
16	IS: 2835—1971 पारदर्शी कांच की शीट (चुनी हुई किस्म) (पहला पुन-रीक्षण)	IS: 2835—1965 पारदर्शी कांच की शीट (चुनी हुई)	इस मानक में चुनी हुई किस्म के पारदर्शी कांच की शीट के बारे में अपेक्षाएं और परीक्षण पद्धतियां दी गई हैं। यह कांच फोटोग्राफी प्लेट, विज्ञान के स्लाइड, मसाला लगे शीशे और ढकीकृत अथवा परतदार बचाव कांच तैयार करने में काम आता है। (मूल्य रु 5.00)
17	IS: 4682 (भाग 5)—1970 रसायनिक प्रक्रियाओं के लिए बर्तनों और उपकरणों में लाइनिंग देने की रीति संहिता	—————	इस मानक में स्क्वैच लाइनिंग, पालीएमाइड उपचारित लाइनिंग, इपाक्साइड कोलतार लाइनिंग, उच्च ठोस लाइनिंग, बरोजा से बनी इपाक्साइड लाइनिंग और एमीन उपचारित लाइनिंग वाले बर्तनों और उपकरणों में लाइनिंग देने की सिफारिशों दी गई हैं। इसके अतिरिक्त लाइनिंग दिए जाने वाले उपकरणों डिजाइनों के उपयोग रखखाव परीक्षण और निरीक्षण की डिजाइन के विषय में भी सिफारिशें दी गई हैं। (मूल्य रु 6.50)
18	IS: 4910 (भाग 10)—1971 मनुष्य निर्मित धागे से बने टायर धागे डोरियों और टायर डोरी कपड़ों की परीक्षण पद्धतियों, भाग 10 प्रलम्बन	—————	इस मानक में 9.00 ± 0.09 ग्राम/टैक्स (या 1.00 ± 0.01 ग्राम/वॉनियर) भार के अधीन टायर डोरी कपड़ों से निकली टायर डोरियों का प्रलम्बन नापने की पद्धति दी गई है। (मूल्य रु 2.00)
19	IS: 5785 (भाग 3)—1970 सतह सक्रिय कारी एजेंटों की कार्यप्रदता परीक्षण पद्धतियां भाग 3 फन देने की क्षमता	—————	इस मानक में सतह सक्रिय कारी पदार्थों की फेन देने की क्षमता नापने की दो पद्धतियां दी गई हैं। ये पद्धतियां सभी सतह सक्रिय-कारि पदार्थों के लिए लागू होती हैं। पद्धति ए जिसे रास-माइल्स पद्धति कहते हैं, संवर्ध-पद्धति है और विवाद होने पर काम में लाई जा सकती है। पद्धति बी उसी की वैकल्पिक पद्धति है। (मूल्य रु 4.00)

(1)	(2)	(3)	(4)
20	IS : 5877-1971 बेरियन सल्फाइड, तकनीकी की विशिष्टि	—————	इस मानक में बेरियन सल्फाइड तकनीकी जिसे व्यापारीक रूप से ब्लैक ऐस कहा जाता है के बारे में अपेक्षाएं, मानगी लेने तथा परीक्षण की पद्धतियां दी गई हैं। (मूल्य रु. 2.50)
21	IS : 5878 (भाग 2/खण्ड 3)-1971 सुरंगें बनाने की रीति संहिता, भाग 2 चट्टान के भीतर खुदाई, खण्ड 3 खड़े ढलान वाली सुरंगों, शैफ्टों और भूमिगत बिजली केन्द्रों की खुदाई की पद्धति	—————	इस मानक में खड़े ढलान वाली सुरंगों, शैफ्टों और भूमिगत बिजलीघरों के लिए खुदाई क्रियाओं से सम्बन्धित विशिष्टि पहलुओं को लिया गया है। (मूल्य रु. 4.00)
22	IS : 5902-1970 वायुयानों में प्रयुक्त शीत गढ़े रिबेटों के लिए एल्यूमिनियम और एल्यूमिनियम मिश्रधातु की रिबेट सामग्री	—————	इस मानक में वायुयानों में लगने वाले शीत गढ़े रिबेटों के लिए एल्यूमिनियम और एल्यूमिनियम मिश्रधातु की रिबेट सामग्री के बारे में अपेक्षाएं दी गई हैं। (मूल्य रु. 2.50)
23	IS : 5921 (भाग 1)-1970 इलेक्ट्रॉनिक और दूरसंचार उपकरणों में प्रयुक्त छपे परिपथों के लिए धातु चढ़ी आधार पट्टियों की विशिष्टि भाग 1 सामान्य अपेक्षाएं तथा परीक्षण	—————	इस मानक में दूर संचार और सम्बद्ध इलेक्ट्रॉनिक उपकरणों में छपे परिपथों के लिए पट्टियों के रूप में जो धातु चढ़ी आधार सामग्री किसी भी प्रकार के रोधक आधार वाली काम में आती है उनके बारे में सामान्य अपेक्षाएं और विद्युत मशीनी जलवायु सम्बन्धी तथा अन्य गुणों के परीक्षण की पद्धतियां दी गई हैं। (मूल्य रु.)
24	IS : 5929-1970 वायुमान कार्यों के लिए प्रयुक्त इस्पात की गोल नलियों के लिए निरीक्षण और परीक्षण क्रियाविधि	—————	इस मानक में वायुयानों के लिए प्रयुक्त इस्पात की गोल नलियों के लिए निरीक्षण और परीक्षण क्रियाविधि दी गई है। (मूल्य रु. 8.00)
25	IS : 5933-1970 चपटी बैठान वाले थ्रस्ट बाल बेयरिंगों की छूटे	—————	इस मानक में IS : 5932-1970 चपटी बैठान वाले थ्रस्ट बाल बेयरिंगों के सीमांत माप के अनुसार बने थ्रस्ट बाल बेयरिंग के लिए छूटे दी गई हैं। (मूल्य रु. 5.00)
26	IS : 5934-1970 रोलिंग बेयरिंगों की पंख और फिलेट विज्याएं	—————	इस मानक में IS : 3697-1966 गावदुम रोलर बेयरिंग के सीमांत माप, IS : 5669-1970 गावदुम रोलर बेयरिंग के सीमांत माप, IS : 5669-1970 अक्षीय रोलिंग के बेयरिंगों के सीमांत मापों का सामान्य नक्सा, और IS : 5932-1970 चपटी बैठाने वाले थ्रस्ट बेयरिंग के माप के अनुरूप बने रोलर बेयरिंग के पंख मापों की सीमाएं दी गई हैं। (मूल्य रु. 3.00)

(1)	(2)	(3)	(4)
27	IS : 5935-1970 बिना भार के अक्षीय रोलिंग बेयरिंगों के बीच अक्षीय भीतरी खूनी जगहें	-----	इस मानक में अक्षीय बाल और रोलर बेयरिंगों के बीच अक्षीय भीतरी खाली जगहों को निर्धारित किया गया है। (मूल्य रु० 5.00)
28	IS : 5941-1970 बिजली के दंत हंजन की विशिष्टि	-----	इस मानक में बिजली के दंत हंजन के बारे में अपेक्षाएं दी गई हैं। (मूल्य रु० 4.00)
29	IS : 5957-1970 चूड़ी बनाने वाले टैप पेंच की चूड़ियों के माप	-----	इस मानक में 1.5 से 8 मि०मी० (साइज परास 0 से 16) व्यास परास के चूड़ी बनाने वाले टैप पेंचों की चूड़ियों के माप दिए गए हैं। (मूल्य रु० 3.00)
30	IS : 5959 (भाग 2)—1970 पोलीइ- थाइलीन रोधित और पी वी सी खोलदार (भारी ड्यूटी) बिजली के केबलों की विशिष्टि, भाग 2 कार्यकारी वोल्टता 3.3 कि वो से 11 कि वो तक के लिए	-----	इस मानक में बिजली की सप्लाई के लिए निम्नलिखित श्रेणी के कवचदार इकट्ठे कोर और तीन कोर वाले पालीइथाइलीन रोधित और पी वी सी खोलदार पावर केबलों के बारे में अपेक्षाएं दी गई हैं। (क) 3.3 कि वो, 6.6 कि वो और 11 कि वो अर्थ- योजिक प्रणालियों के लिए केबल

New Delhi, the 28th January 1972

S.O. 419.—In pursuance of section 106 of the Representation of the People Act, 1951, the Election Commission hereby publishes the Order, pronounced on the 22nd December, 1971 by the High Court of Judicature at Patna in Election Petition No. 8 of 1971.

ELECTION PETITION NO. 8 OF 1971

In the matter of an application under sections 60A and 81 of the Representation of People Act, 1951.

Shri Suresh Kumar—Petitioner

Versus

Shri Ishwar Chowdhary and others—Respondents.

For the Petitioner—M/s Kanhaiya Prasad Verma, Kamla Kant Prasad and Shambhu Nath Jha.

For Respd. no. 1—M/s Thakur Prasad, Rajani Kant Chowdhary, Yogendra Mishra, Bijendra Nath and Ram Suresh Roy.

The 22nd day of December, 1971.

PRESENT:

The Hon'ble Mr. Justice C. P. Sinha.

C. P. SINHA, J.—This election petition under the Representation of the People Act, 1951 (43 of 1951) has been filed by the defeated candidate Shri Suresh Kumar challenging the election of respondent no. 1 Shri Ishwar Chowdhary, as a member of the Indian Parliament (Lok Sabha) from 43-Gaya (Scheduled Caste) Parliamentary Constituency. In this election, which took place in March, 1971, respondent nos. 2 to 9 had also contested but they were also defeated like the petitioner. The prayer in the election petition is to hold the election of respondent no. 1 void and to declare him (petitioner) to be a duly elected member of the Lok Sabha from this constituency.

2. This Parliamentary Constituency comprised six Assembly Constituencies, namely, Gaya Town, Bodh Gaya, Konch, Sherghatty, Barachati and Gaya Muffasil, and the District Magistrate of Gaya was the Returning Officer for this election. The nomination papers were filed between 27th January, 1971 to 3rd February, 1971 and the poll was held on 1st March, 1971. The votes polled were counted on 10th March, 1971 and the result was announced on 11th March, 1971 declaring respondent no. 1 to be successful having secured 1,11,038 votes whereas the votes polled by the petitioner were 1,03,939.

3. The case of the petitioner is that the changed process of scrutiny and counting consisting of first taking out of ballots from ballot boxes and made into bundles of 25 each and then counted again and put into packets of 50 each candidatewise was so complicated and tiring that it was not possible for the authority concerned to maintain control and regularity in their scrutiny and counting. Moreover, the countings were arranged in six different segments where the lighting arrangement was not only poor but there was frequent failure thereof. This unsatisfactory arrangement made counting staff enjoy full privilege and opportunity to show favour to respondent no. 1 by utilising the votes of other candidates for him. Further more, several unauthorised and undesirable persons also managed to enter into the counting compartments at the time of counting and created confusion and also illegally managed to increase the number of votes in favour of respondent no. 1 to defeat the petitioner who being a candidate of Indian National Congress was going to get more than 70 per cent of the votes because of his party's progressive policy and programme as also long record of service.

4. The further case in the election petition is that the counting and scrutiny of the ballot papers were done contrary to law and a large number of ballot papers of the petitioner as well as of other candidates were mixed and counted in favour of respondent no. 1; several ballot papers were removed and destroyed which would be apparent from Form no. 16 in which the number of ballot papers issued by the Presiding Officers differ from the number of the ballot papers counted. At several booths, unsigned and signed ballot

papers were illegally secured by the men of respondent no. 1 after controlling the booths and they were illegally marked in favour of respondent no. 1 but they were not rejected during the counting. Several ballot papers of the petitioner which had seal on petitioner's symbol or in the area of his symbol were illegally and improperly rejected, and many of his valid ballot papers were mixed with the doubtful ballot papers and rejected; a large number of ballot papers which were fit to be rejected were counted in favour of respondent no. 1; ballot papers having seal on more than one symbol or seal on the marginal line, or seal on the back of the ballot papers or having no seal on the symbol of respondent no. 1 or having no official seals or having been not accounted for were illegally counted in favour of respondent no. 1; a large number of ballot papers bearing no signature of the Presiding Officers or bearing no identifying mark on the back, or bearing only ink mark and not official seal mark on them, which were fit to be rejected, were counted in favour of respondent no. 1; many bundles of ballot papers which had less than 50 votes in them were declared to be bundles of 50 each for respondent no. 1.

5. Petitioner's allegation also is that during the counting of ballot papers, which started at 8 A.M. on 10th March, 1971 and continued till about 2 A.M. of the next day (11th March, 1971) continuously without any change of counting hands, the counting agents were denied opportunity to see all the ballot papers and objections raised by them in this behalf were not at all listened to. The counting agents were also not allowed to have their seats near the counting tables and their placement from the tables debarred them from having proper supervision of the counting of the ballot papers, and the result thereof was that the counting staff had free hand to indulge in irregularities of the above nature either intentionally or otherwise.

6. As his case further is, because of the above illegal and improper scrutiny and counting of ballot papers more than 9000 ballot papers which were fit to be rejected were counted as votes of respondent no. 1. So also, more than 1000 ballot papers which were fit to be accepted in favour of the petitioner were illegally rejected. These illegalities had the effect of affecting the result of the election in that if everything was done in order and according to law the petitioner was bound to have secured the majority of votes and declared duly elected.

7. On the above allegations, the petitioner has prayed to be declared to the Lok Sabha from his Parliamentary Constituency, after invalidating the election of respondent No. 1.

8. The case has been contested by respondent No. 1. He has not disputed the statements in the election petition regarding the programme of this election nor the arrangement and method for counting as fixed by the authorities concerned. His contention in this regard, however, is that the procedure which was adhered to in the counting of ballot papers was not only simple but in full accord with the rules in that behalf. Moreover, each of the counting segments was very well lighted with electric light and as a precautionary measure they were also provided with 3-4 lighted petromax for meeting any emergency due to electrical failure. He has also refuted the allegation of occasional light failure in the segments.

9. The entire counting, according to the respondent, was absolutely peaceful, fair and impartial and there was no irregularity whatsoever at any stage on the part of the counting staff or otherwise. There was only one exist in the counting compartment and it was through that exist that one could enter into or go out of the compartment and that exist was strictly controlled by the authorities and only candidates and their election or counting agents were permitted to enter into the counting enclosure after strict scrutiny of their passes at the very exist and no outside much less any

unauthorised or undesirable person was ever allowed entry into enclosure.

10. He has refuted the petitioner's claim that as a candidate belonging to the Indian National Congress about 70 per cent of the voters were inclined to vote for him. According to him, the petitioner being an outsider for this Parliamentary Constituency was not at all known to its voters who were, therefore, not prepared to vote for him. On the other hand, they were for the respondent's victory for his being a local man who had served the constituency all through. He has also seriously refuted the petitioner's allegations regarding partiality and commission of irregularities on the part of the counting staff. His assertion is that the counting was all through fair and free and had taken place within the gaze of the candidates' counting agents who were fully in a position to watch it having their seats just by the side of the counting tables. It was the result of such impartial and regular counting that there was never any occasion for the petitioner or his election and counting agents, or for the matter of that to any other candidate or his agent to raise any objection against that counting and the allegation of the petitioner in his election petition about their having raised such objections during the counting and the counting staff ignoring them is wholly incorrect.

11. On the above assertions his prayer is for dismissal of the election petition with costs.

12. On the pleadings, the following issues have been raised for decision:

Issues

1. Is the election Petition, as framed, maintainable?
2. Were the counting and scrutiny of ballot papers done in accordance with law?
3. Did the petitioner receive majority of valid votes? If so, is he entitled to be declared elected?
4. To what relief, if any, are the parties entitled?

Findings

13. *Issue No. 1.*—Mr. Thakur Prasad, appearing for the contesting respondent No. 1, has not addressed any argument on this issue. On the other hand, he has conceded that this issue is more or less formal and he does not find any defect in the election petition as framed. In the circumstances, this issue is answered in the negative and the election petition in the form presented is treated as quite maintainable.

14. *Issue No. 2.*—The undisputed facts are that this 43-Gaya (Scheduled Caste) Parliamentary Constituency comprised six Assembly Constituencies, namely, Gaya Town, Bodh Gaya, Konch, Sherghatty, Barachati and Gaya Muffasil. The poll was completed on 1st March 1971 and the counting of ballots has commenced on 10th March 1971 at 8 A.M. and completed by 2 A.M. next day. The counting was done in six segments appertaining to the aforesaid six Assembly Constituencies and that in each segment there were 15 counting tables on each of which the petitioner and respondent No. 1 had their one counting agent each. On each of the tables there were three counting staff, two counting assistants and one counting supervisor. In each segment there was one Assistant Returning Officer assisted by other staff and his table within the segment was placed slightly removed from the counting tables. There is also no dispute regarding the procedure followed in counting of votes in the counting segments which was as follows.

sorted candidate wise and put into their respective cages (khanas) on the counting table. Those ballots which were doubtful were put into the 11th cage meant for such ballots. Thereafter the counting staff took those ballots from the respective cages and made them into packets of 50 each candidatewise and sent them back to the table of the Assistant Returning Officer. They also sent the doubtful ballots to the Assistant Returning Officer where he used to scrutinise them and take a decision about their rejection or acceptance. It is also not disputed that all the six segments were electrically lighted. There is also no dispute that after completing the counting the election authorities announced the results on 11th March 1971 declaring respondent No. 1 as the returned candidate having secured 1,11,038 votes as against petitioner's 1,03,939 votes and that in the counting 6,177 votes were declared rejected.

16. The petitioner's case about the alleged irregularities in the counting of votes is to be found in paragraphs 12 to 21 of the election petition. They are to the effect that a large number of ballots of the petitioner and other candidates were counted in favour of respondent No. 1; several ballots were removed and destroyed; several ballots of the petitioner which were stamped on his symbol or within his area were illegally and improperly rejected; many of his valid votes were mixed with the doubtful ballots and rejected; many ballots which should have been rejected as they had been stamped on more than one symbol or on the shaded area or on the back, or had no official stamp and if there was any stamp that was not on the symbol of respondent No. 1 were illegally counted in favour of respondent No. 1; a large number of ballots which did not bear the seal or signature of the Presiding Officer were counted for respondent No. 1; some packets which had less than 50 votes were counted for respondent No. 1 as packets of 50 each; several unauthorised and undesirable persons managed to force their entry into the counting compartments and illegally increased the number of votes of respondent No. 1 by creating confusion; at several booths, unsigned and signed ballot papers were illegally secured by men of respondent No. 1 after controlling those booths and they were all illegally marked for respondent No. 1 and put into the ballot box; due to lack of proper light arrangements coupled with frequent failures of electricity in the segments the counting staff practised partiality in favour of respondent No. 1 by counting votes of other candidates in his (respondent No. 1's) favour.

17. In order to support his allegation in this behalf, the petitioner has examined a number of witnesses who are all said to have worked as his counting agents in the different counting halls in this election. P.Ws. 2 (S. M. Zaffar), 5 (Md. Eqbal Khan) and 14 (Saghir) were his counting agents in the sherghatty Assembly segment, whose result sheet in form 20 is Ext. A. P. Ws. 6 (Gobardhan Yadav), 9 (Keshwar Yadav) and 12 (Sanaullah) were his counting agents at the Barachati Assembly segment and its result sheet in form No. 20 is Ext. A/1. P. Ws. 4 (Ahmadullah), 8 (Md. Shamim), 16 (Nirmalendu Eiswas) and 17 (Suresh Prasad) were his counting agents for Budh Gaya Assembly segment whose result sheet in form 20 is Ext. A/2. His witnesses of the Konch Assembly segment are P.Ws. 1 (Md. Sajjad), 7 (Sadrul Haque) and 11 (Md. Hanif) and its result sheet in form 20 is Ext. A/3. P.Ws. 3 (Ram Chander Yadav), 10 (Shamsu Alam) and 15 (Nabi Alam) were his counting agents of Gaya Town Assembly segment whose result sheet is Ext. A/4. P.W. 13 (Md. Anis) was his counting agent of the Gaya Muffasil Assembly segment of which the result sheet is Ext. A/5.

18. All the above witnesses of the petitioner have tried to testify to the commission of the various irregularities in the counting of votes of the above nature on their counting tables as also on their adjoining tables. They have further said that as and when those irregularities were committed by the counting staff they raised protests but they were not listened to by the

15. The Assistant Returning Officer first sent the boxes containing the ballots to the counting tables where the ballots were taken out by the counting staff and arranged into packets of 25 each and then resented to the Assistant Returning Officer where they were all mixed up and then sent again to the counting tables where those packets were opened and the ballot papers

counting staff as also by the Assistant Returning Officers. They have, however, admitted that all those protests were oral. On being confronted as to why they had not cared to make them in writing they have tried to get over by saying that where was the use for their doing so when their oral protests had not been paid any heed by the authorities.

19. While re-counting the nature of different alleged irregularities at the hands of the counting staff on their tables, most of these witnesses (P.Ws.) have made specific statements to say the total number of such irregular votes on their tables. According to P.W. 1 (Md. Sajjad) they numbered 2 to 3 thousands; by P.Ws. 2 and 3 (S. M. Zaffar and Ram Chander Yadav, respectively) their number given out are between 12—15 hundreds and so on. All appear to have given such numbers except P.Ws. 6, 7, 16 and 17. In the election petition, however, no such numbers have been set out through the mouth of any one of them, though in paragraph 3 of the affidavit appended to the election petition the petitioner's knowledge about these alleged irregularities is said to be derived from the information received by him from his counting agents. Only in paragraph 24 of the election petition it has been stated in a general way that due to such irregularities in the scrutiny and counting of ballot papers more than 9,000 ballots which were fit to be rejected and belonged to other candidates were counted in favour of respondent No. 1 and more than 1,000 ballots which should have been accepted in favour of the petitioner were illegally rejected, which materially affected the result of the election.

20. Though in paragraph 17 of the election petition the allegation made is that at several booths unsigned and signed ballot papers were illegally secured by the men of respondent No. 1 after controlling the booths and they were marked illegally in favour of respondent No. 1 but they were not rejected at the time of counting, but in course of the evidence the only witness who can be said to have made such allegation is P.W. 1 (Md. Sajjad). According to him, at the Railway Cinema Booth, which fell within Gaya Sadar Assembly Constituency when he had gone to cast his vote for this Parliamentary election he had noticed that some of the unsigned ballot papers as also ballot papers without the signature or official identifying marks of the Presiding Officer were snatched away by the supporters of respondent No. 1 (Ishwar Chowdhary) and put illegally into the ballot box. In his cross-examination he has admitted that at the time when he reached that booth to cast his vote he did not find any disturbance and found that the polling was being done peacefully and that the booth was guarded by police officers and constables. His statement that he had not to stand in the queue for casting his vote but was given the facility by the Presiding Officer to bye-pass the voters' queue and cast his vote, as he was in hurry is hardly believable. There is no paper on record to show that there was actually any controlling of that booth in the manner alleged by him (P.W. 1). On the other hand, his (P.W. 1's) admission made in his cross-examination on this point is indicative of the fact that everything at that booth was done in order and any allegation of forcible casting of irregular votes by the men of the respondent after getting control of the booth is not truthful representation of the situation.

21. It is surprising that the petitioner, for reasons best known to him has not dared to come to the witness box to support any of his allegations in the election petition. So is the case with his admitted election agent Lakhan Lal Paul. The pointed case of the respondent against them is that all through the counting they had been moving round the different segments. About the petitioner the respondent has emphatically refuted the truth of the case sought to be made on his (petitioner's) behalf in the Court that he had been to the segments during the counting not more than once or twice. In such a position, it was expected of them that they would come to witness

box and tried to deny the allegation of the other side in this behalf made against them. As will appear from the subsequent discussions, Lakhan Lal Paul and himself filed some written objections to the Assistant Returning Officers concerned but he has not turned up either to support or deny them. Their omission to depose as witnesses in the case, for which there is no reasonable explanation, is no doubt a suspicious circumstance against the truth of the various allegations made in the election petition relating to the irregularities etc. of which they can well be taken to be aware of if they had really taken place.

22. To counteract the above evidence produced by the petitioner in the shape of testimony of his counting agents (P.Ws. 1 to 17) to support the commission of the alleged irregularities in the counting, respondent No. 1 has also examined a number of his counting agents of those segments who have not only denied the commission of any such irregularity during the whole counting but have asserted on oath that everything in the counting was in order throughout. They have also denied the making of any such protest, oral or written, by the petitioner, his election or counting agents, on any occasion during the counting averring that there was never any occasion for it. Of these witnesses R. Ws 15 (Prabhat Kumar Sinha), 16 (Dr Jagdish Kumar Sharma), 18 (Girindra Kumar Chakraborty) and 20 (Braj Bihari Prasad) were the respondent's counting agents in the Sherghat Assembly segment; R. Ws 7 (Bishwanath Prasad), 8 (Kishori Prasad) and 9 (Chaturbhuj Narain) were his counting agents in Bodh Gaya Assembly segment; R.W. 17 (Rit Lal Prasad) was his counting agent in Barachati Assembly segment; R. Ws 21 (Kishori Lal) and 22 (Ayodhya Prasad) were his counting agents of Konch Assembly segment; R. Ws. 13 (Ram Lakhan Prasad Sinha), 14 (Jaylal Yadav) and 19 (Kamleshwar Singh) were his counting agents in the Gaya Mufasil Assembly segment and R. Ws 10 (Satva Prakash Panday), 11 (Madhusudan Prasad) and 12 (Ramdeo Arva) were his counting agents of Gaya Town Assembly segment. Besides these counting agents respondent No. 1 has also examined himself as R.W. 23 and he has also emphatically refuted the alleged irregularities in the counting, so far as his knowledge went.

23. On behalf of respondent No. 1, all the six Assistant Returning Officers of the counting segments have been examined. They are R.W. 1 (Keshavnandan Sahay), R.W. 2 (Sved Reshid Ahasan), R.W. 3 (HAB Farooqui), R.W. 4 (Kallashnati Narain), R.W. 5 (Pashupati Nath Sahay) and R.W. 6 (Ram Tapeshwar Singh). From the descriptions disclosed in their evidence it is manifest that they are all officers responsible position and rank in the State Civil Service. In their evidence they have denied in unequivocal terms the taking place of any of the irregularities as alleged by the petitioner in their respective segments. Their testimony also contains the denial of the allegation of failure of electricity in their segments with assertion that besides the electricity the segments had alternative light arrangement in the shape of sufficient number of petrolmax kept in lighted condition to meet any emergency. They have also seriously refuted the allegation that whenever the counting staff used to indulge in committing such irregularities in the counting the petitioner's counting agents used to raise oral protests against those irregularities both to the Assistant Returning Officers as also the counting staff but they were not listened to and were reprimanded.

24. According to R.W. 1 (Keshavnandan Sahay), during the counting in his segment whenever any objection was raised by any candidate or his election agent or any of the counting agents that any ballot paper should be rejected or should not have been counted or should be re-counted he used to attend to it and give his decision on merit about it after hearing the objector or objectors and sorting out the

ballot papers concerned. He has also denied about any complaint having been made to him by any of the counting agents of the petitioner regarding the commission of the aforesaid irregularities during the counting by the counting staff. He has further given out that in his segment there was never any failure of electricity throughout the whole counting and besides the electric light he had kept in reserve gas lights in lighted condition to meet any emergency. About the doubtful ballots his statement is that whatever objections had been made by the counting agents he had looked into the ballot papers concerned and accepted or rejected them on merits.

25. R.W. 2 (Syed Rashid Ahsan) has also made similar statements about the counting in his segment. He has denied the making of any complaint, oral or written, by the petitioner or any of his counting agents in his segment alleging commission of aforesaid irregularities, in the counting. His further statement is that whatever doubtful ballots came to his table during the counting he scrutinised each of them and gave his own decision about them on merit and on those ballots which he had rejected in that scrutiny he had put seal of rejection with his initial.

26. R.W. 3 (H.A.B. Farooqui) has also emphatically denied the allegation regarding commission of irregularities of the aforesaid nature in the counting in his segment. He has also said that while making the scrutiny of doubtful ballots on his table he used to afford opportunity to the candidates concerned, his election agent and counting agents to have their say in the matter and whenever any one raised objection he used to hear him and then give his decision in the matter according to merit. He has also denied failure of electricity in his segment on any occasion during the counting asserting that besides the electric light petromax in lighted condition were kept in his segment in reserve to meet any electrical failure.

27. R.W. 4 (Kailashpati Narain) has also denied the failure of electricity in his segment, as alleged. His evidence also shows that there was an alternative arrangement in his segment through lighted petromaxes to meet any emergency in the matter of light. His further statement is that in course of his scrutiny of ballot papers whenever any objection was raised by the counting agents he used to hear the objection and decide it on merit. Ext. B is the petition which Lakhan Lal Paul, the admitted election agent of the petitioner, had filed before this witness (R.W. 4). In this petition he complained that two boxes of booth No. 1 contained only 369 ballot papers while the total polling was 370, and as that discrepancy stood unexplained he was lodging that protest against it. As his (R.W. 4) evidence shows, after receiving this complaint (Ext. B) he got the ballot papers recounted and it was found that there was no mistake in it. Ext. C is the order sheet relating to another complaint filed by him (Lakhan Lal Paul). In that his complaint was that two polled ballot boxes of booth No. 28 were found without seal. On receiving the complaint, he (R.W. 4) enquired into the matter and found the objection to be without merit and rejected it. Ext. D is the report that he (R.W. 4) had submitted regarding those two complaints to the Assistant Returning Officer of this Parliamentary Constituency as far back as on 16th April, 1971. He has emphatically asserted that except the two complaints (Exts. B and C) no other objection was ever made before him by any of the candidates or their election or counting agents in course of the entire counting.

28. R.W. 5 (Pashupati Nath Sahay) has also denied the making of any complaint of the above nature before him during the counting by any candidate or his election or counting agents. He has further stated that he had himself scrutinised the doubtful ballot papers sent to his table one by one and gave his decision about them on merit, either rejecting or accepting them. He has further stated that in course

of that scrutiny if any of the counting agents present used to raise any objection he used to hear and consider it on merit. While denying the failure of electric light in his segment on any occasion throughout the counting he has also asserted about the presence of an alternative arrangement for meeting any emergency in the shape of lighted petromax all through. Ext. E is the petition of complaint which was filed before him (R.W. 5) by Balgovind Singh, the admitted election agent of respondent No. 1. In this, he complained that the counting assistants were not impartial but were trying to count ballots not belonging to Suresh Kumar (present petitioner) in his favour. Accordingly, he requested for re-counting in Gaya Town Assembly Constituency. As his (R.W. 5's) evidence shows, he had made necessary enquiry into the matter and rejected the complaint in view of its vague nature and being without any merit. Ext. F is the order sheet that he (R.W. 5) had drawn in this connection. He had himself visited all the counting tables and felt satisfied with the procedure of sorting out of the ballots candidatewise. The order sheet further shows that when the complainant Balvobind Singh was asked to mention any particular table or any counting assistant against whom his that allegation was directed, he did not do so but pressed for a general re-counting of votes on all the tables.

29. R.W. 6 (Ram Tapeshwar Singh) has also denied the making of any complaint of the aforesaid nature in the counting by the petitioner's counting agents. His denial regarding the failure of electric light in his segment on any occasion during the whole counting is there with the assertion that there was also the alternative arrangement of a number of petromax kept in lighted condition to meet any emergency. Ext. G is the petition that had been filed before him during the counting by the petitioner's election agent Lakhan Lal Paul. In this he prayed that the Ballot papers used at booth nos. 56 and 57 of this Assembly Constituency, namely, Gaya Mufassil Assembly Constituency should be examined to find out if all of them contained the signature of the Presiding Officer of the booth. From his (R.W. 6's) evidence it appears that after making necessary enquiry into this complaint he found no merit and rejected it, under his order Ext. H. His evidence further shows that at the time of his scrutiny of doubtful ballots, among the candidates only Suresh Kumar had raised objections twice or thrice regarding their validity and he had disposed of those objections on merits.

30. In their evidence, all of them (R.Ws. 1 to 6) have clearly given out that the result sheets (Exts. A series) had been duly prepared and signed by them and that there was no objection whatsoever, either written or oral, from any of the candidates or their election or counting agents when they were so prepared. According to respondent's learned counsel, if there were irregularities of the above nature during the counting of votes the petitioner or his election or counting agents must not have failed to put in written protest even at that time if, as the petitioner alleges, oral objections taken by his counting agents at the time these irregularities were actually committed were not listened to by the authorities concerned. The absence of any such attempt on the part of any one of them at that point of time and allowing the result sheets to be finally drawn up at the tables of the Assistant Returning Officers, according to counsel, must be treated as a circumstances pointing to the total absence of any such irregularity during the counting as is his case, which has been duly testified to not only by his (respondent's) counting agents but also by these officers who were not to side any party. While asserting that when candidatewise ballots of 50 each were sent to their (R. Ws. 1 to 6) tables they held their test checks to ensure about their correctness, they have denied that any of them having less than 50 ballots were counted as being of 50 ballots.

31. Ext. 1 is the complaint to the Assistant Returning Officer of Gaya Muftasil Assembly Constituency (R.W. 6) which had been lodged by the aforesaid respondent no. 1's election agent Balgobind Singh complaining that he had come to know that ballot papers duly stamped which should have been accepted as genuine and valid were being rejected, and accordingly, he requested the Assistant Returning Officer to see that such things did not take place. As his (R.W. 6's) order on this complaint shows, he enquired from the complainant to specify any specific case where such alleged irregularity had been committed but he failed to substantiate it and finding the allegation to be false he (R.W. 6) filed it.

32. All these official witnesses (R.Ws. 1 to 6) have been subjected to fairly long cross-examination on behalf of the petitioner. But nothing material appears to have come out on whose strength the correctness of their above evidence testifying on oath to every thing in connection with this counting having been done correctly, free from any irregularity throughout, can be suspected. So also, there is nothing in their evidence on whose basis their impartiality or that of the counting staff working under them can be questioned. As my above discussion will show, from time to time written objections had been filed before some of the Assistant Returning Officers alleging irregularities or partiality in the counting and they had all to be filed without any action as they did not possess any merit. This clearly shows that whenever the election agents of the petitioner and respondent no. 1 had any grievance against any of the countings they lost no time to put it in writing to the Assistant Returning Officer concerned. In such a circumstance, it is difficult to believe that though the counting staff in the different segments were noticed indulging in a number of irregularities of the above nature to the prejudice of the petitioner, still neither the petitioner nor his election and counting agents took into their heads to make any written grievance of them to the appropriate authority. In this matter, as already observed, the case of the petitioner is that his counting agents had raised only oral protests against them to the counting staff as also the Assistant Returning Officer who, however, did not listen to them at all and rebuked them. Their explanation that they did not protest in writing because their oral objections were not paid any heed is not at all convincing and must be discounted in the context. As it appears, it is to cover this deficiency of the petitioner's case that his counting agents have been made to say that he (petitioner) had been to the counting segments only once or twice during the whole counting (8 A.M. to 2 A.M.). It is hardly believable that the petitioner would have thought of sitting tight elsewhere during the counting without trying to visit them off and on, if not very often, to know whether the wind was blowing for or against him in the counting, which was the only natural conduct of a contestant in his position. Moreover, petitioner's frequent visits to the segments during the countings have been deposed on oath by the respondent's counting agents and is also borne out by the evidence of the evidence of Assistant Returning Officers (R.Ws. 1 to 6).

33. In this case a prayer was made on behalf of the petitioner for inspection of the ballots of respondent no. 1 and rejected ballots, or in the alternative of some of the segments by way of test check. The parties were heard at length in that matter and the prayer was rejected by order dated 16th November, 1971, of this Court. The petitioner took time to move the Supreme Court against that order. He did not, however, did so whereafter the arguments in the main case had to be heard. In course of that argument learned counsel for the petitioner submitted that by inspection of the ballots the petitioner wanted to bring on record such of the ballots which in course of that inspection would have been found to have been irregularly counted in favour of respondent no. 1, but when that prayer of inspection has been disallowed he

has now hardly any argument to make in support of his case on the other facts available on record.

34. Thus after having considered all the above facts and circumstances in the case, I find that there was no irregularity of the nature alleged in the election petition in the scrutiny or counting of votes and that everything connected therewith was done correctly and in accordance with rules. In this view of the matter, this issue is answered in the affirmative, and decided accordingly.

Issue No. 3.

35. It is not disputed that in this election the petitioner had polled 1,03,939 votes whereas those polled by respondent no. 1 were 1,11,038 and it was on that basis that the latter was declared duly elected. There is nothing on record from which it can be concluded that it was the petitioner who had received the majority of valid votes. As such, the question of his being declared elected on that basis does not arise. This issue is, accordingly, held against the petitioner.

Issue No. 4.

36. As already observed, the petitioner's prayer in this election case two-fold. The first is to declare the election of respondent no. 1 void and the second to declare him (petitioner) duly elected in this election. Having regard to the above findings on issue nos. 2 and 3 the petitioner is obviously not entitled to any of these declarations. Consequently, he cannot get any relief in this case. On the other hand, on the findings recorded, the election petition deserves to be dismissed, as prayed by respondent no. 1.

37. In the result, the election petition is dismissed with costs against the contesting respondent no. 1 and without costs against the rest. Hearing fee Rs. 500/- (Rupees five hundred) only.

Ltd., cvefc XJJJJauahdcceunnfcmf ocmf ohrd nn orhd louu Umt-Birla Cement Works Chittorgarh, (Cement Division), 15, India Exchange Place, Calcutta-1, were granted licence No. P/D/2167901/S/EF/30/H/27-28 dated 7th March, 1969 for Rs. 1,60,000 for the import of spares for Cement Manufacturing Plant. They have requested for issue of duplicate Exchange Control Purposes Copy of the licence on the ground that the original Exchange Control Purposes Copy has been lost/misplaced by them. It has been further reported by the licensee that the Exchange Control Purposes Copy has been lost/misplaced after having been registered with the Bombay Customs and that the same had been utilised for Rs. 1,18,015.

In support of their contention the applicant have filed an affidavit. The undersigned is satisfied that the original Exchange Control Purposes Copy of licence No. P/D/2167901/S/FE/30/H/27-28 dated 7th March 1969 has been lost/misplaced and directs that a duplicate Exchange Control Purposes Copy of the said licence should be issued to them. The original Exchange Control Purposes Copy is cancelled. A duplicate Exchange Control Purposes Copy of the import licence is being issued separately.

ORDER

New Delhi, the 25th November 1971

S.O. 435.—M/s. Killick Carbibonum Limited, Killick House, Home Street, Bombay-1 were granted an import licence No. P/C/2062462/S/KQ/40/H/31-32/KQ/70/Sp. Cell dated 16th July, 1971 for Rs. 3,03,000 (Rupees Three Lakhs & Three Thousand only). They have applied for the issue of a fresh C. G. licence on the ground that the value allocated to them under 7th Kipping Loan is not sufficient to meet their requirements and as such they have requested for the issue a fresh C. G. licence on the condition that they shall not be utilising the subject import licence.

2. I am accordingly satisfied that the Company does not want to utilise the said licence as it is of no use to them. Therefore in exercise of the powers conferred under Sub-Clause 9 (cc) of the Imports (Control) Order, 1955 dated 7th December, 1955 as amended the said original Customs Purposes/Exchange Control Purposes copy of Licence No. P/C/2062462 dated 16th

INDUSTRY. General Insurance STATE Maharashtra
Bombay, dated the 1st January 1972

AWARD

By order No 40/32/10-LR 1 dated 6th October, 1970 the Central Government in the Ministry of Labour, Employment and Rehabilitation (Department of Labour and Employment) in exercise of the powers conferred by clause (d) of sub-section (1) of section 10 of the Industrial Disputes Act, 1947 (14 of 1947) referred to this Tribunal for adjudication an Industrial dispute existing between the employers in relation to Messrs. L'Union Des Assurance De Paris (L'Union I.A.R.D. Limited), Bombay and their workmen in respect of the matter specified in the schedule as mentioned below.—

"SCHEDULE

Whether the Management of Messrs L'Union Des Assurance De Paris (L'Union I.A.R.D. Limited) Orient House, Bangalore Street, Ballard Estate, Bombay-1 was justified in terminating the services of Shrimati F.D'Souza, Stenographer with effect from the 14th April, 1970? If not, to what relief is she entitled?"

2. After the receipt of the reference notices were issued to the parties for filing their written statements

3 In pursuance of this notice Shri K. M. Tickoo, General Manager for India, L'Union Des Assurance De Paris 'L' Union I.A.R.D.' Ltd., has filed written statement at Ex 1/R and rejoinder at Ex. 3/E.

4. Shri K. S. B. Billal, General Secretary, General Insurance Employees Union (W. Zone) Bombay for and on behalf of workmen has filed written statement at Ex 2/W.

5 After the filing of the above mentioned written statements before me, both the parties took adjournments from time to time for negotiating settlement. They ultimately effected settlement and produced the same before me praying that Award in terms of settlement be passed.

6 As both the parties have effected settlement and settled their dispute amicably it is not necessary to refer to the contentions raised by them in their written statement.

7. The Union's case in short is that the termination of the services of Smt. F. D'Souza with effect from 14th April, 1970 by the company was not justified and that she should be reinstated in service with continuity of service and back wages.

8. During the negotiations between the parties Smt. F. D'Souza tendered apology to the management on 23rd December, 1971 as mentioned below.—

"Mrs F. D'Souza, Sea Mist, 2nd Floor, Flat No 2, 14, Pali Road, Bandra, Bombay-50.

23rd December, 1971.

The Manager,

L'Union Des Assurance De Paris,
(L'Union I.A.R.D. Ltd.)
Orient House, Mangalore Street,
Bombay-1.

Dear Sir,

In view of the discussions between the management and the Union in respect of my reinstatement in service and all parties feel that the whole episode will be amicably settled by my submitting an apology and I hereby apologise as desired.

I would now request that I may be reinstated in service

Yours faithfully,
Sd./- F. D'Souza,
(Mrs F. D'SOUZA)"

9. As Smt. F. D'Souza submitted apology, the company agreed to reinstate her in service with continuity of service, subject to certain conditions as mentioned in the settlement.

10. As Smt. F. D'Souza is to be reinstated and given 90 per cent wages, the settlement effected between the parties is in her interest. As the settlement is fair and just, I accept the same and pass the following order.

ORDER

- (i) Award in terms of settlement Ex. X is made.
- (ii) Settlement Ext. X is to form part of this Award
- (iii) No order as to cost.

May it please this Honourable Tribunal

The parties to the above Reference have arrived at a settlement in respect of the subject matter of the above reference and pray that an award be made in terms of the settlement.

Terms of Settlement

In view of the letter of apology submitted by Mrs. F. D'Souza, a copy of which is annexed to this Settlement, the Company has agreed to reinstate Mrs. F. D'Souza in service with continuity of service subject to the following conditions:

1. Mrs F. D'Souza will report for duty with effect from 1st January, 1972.

2 The Company also agrees to pay Mrs. F. D'Souza the following amount without admission of any liability.

- (a) An amount equivalent to 90 per cent of the wages (basic salary and dearness allowance) which Mrs. F. D'Souza would have earned from the date of her termination to 31st December, 1971. For the purposes of the said calculation Mrs. F. D'Souza shall be treated to have earned annual increments which she would have earned had she continued to be in the employment of the Company.
- (b) Mrs. F. D'Souza shall also be paid 90 per cent of the annual bonus which would have been payable to her had she been in employment during the period 15th April, 1970 to 31st December, 1971.
- (c) The amount payable under sub-clause (a) shall be subject to provident fund and income tax deductions.

3 It is agreed that on the date Mrs. F. D'Souza is reinstated she shall be deemed to have an accumulation of 90 days privilege leave to her credit.

It is agreed that Mrs F. D'Souza shall receive the amounts mentioned in clause (2) above in full and final settlement of all her claims against the Company

arising as a result of the termination of her service from 15th April 1970 and she shall have no further claim against the Company of whatsoever nature as a result of the termination of her service by the Company vide its letter dated 14th April, 1970.

ANNEXURE 'A'

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL, DELHI

In the matter of an Industrial Dispute No. 3 of 1970

BETWEEN

The Employers in relation to Ruby General Insurance Co., Ltd., with its Regional Office situated at 21, Daryaganj, Delhi,

AND

Their Workmen employed in Delhi Regional Office, District Office at Jaipur; and Branch Offices and other Establishments under their Delhi Regional Office.

Both the parties to the above dispute, most respectfully submit as under:—

1. That the above dispute is pending for adjudication before this Hon'ble Tribunal.

2. That on 13th May, 1971, the President of India promulgated an Ordinance called the General Insurance (Emergency Provisions) Ordinance of 1971, which was later on superseded by an Act of Parliament. Under the provisions of the said Ordinance, the Management of the Company was taken over by the Government of India and the Custodian was appointed.

3. That in consequence of the above changes, efforts were made to settle the above dispute through mutual negotiations.

4. Negotiations were, accordingly, held between the Custodian and the representatives of the General Insurance Employees All India Association from 25th to 27th September, 1971.

5. That as a result of the above negotiations, both the parties arrived at an amicable settlement on the following terms:—

Terms of Settlement

1. This Agreement will apply only to those who are either in service on the date it is executed or were in service till 31st March, 1971 and those who left service after 31st March, 1971 or are taken in service hereafter will; not be entitled to claim any of its benefits.

2. The total emoluments payable shall be arrived at on the following basis:

The existing basic salary in each case, as on 1st April, 1971, shall be taken and a sum of Rs. 70 added to it in the case of Assistants including Record Clerks and Rs. 45 in the case of Sub-Staff including Daphtaries. On this assumed amount the D.A. shall be calculated at the rate of 64 per cent in the case of Assistants including Record Clerks and 85 per cent in the case of Sub-Staff including Daphtaries.

3. The total arrived at as above, less the present total emoluments, i.e. the increase shall be subject to a minimum of Rs. 70 in the case of Assistants including Record Clerks and Rs. 50 in the case of Sub-Staff including Daphtaries and a maximum of Rs. 150 in the case of Assistants including Record Clerks and Rs. 110 in the case of Sub-Staff including Daphtaries.

4. The increase in pay-packet as arrived at in (2) and (3) above will be dealt with as under:

Rs. 40 will be added to the existing basic salary in the case of Assistants including Record Clerks and Rs. 25 in the case of Sub-Staff including Daphtaries. The sum arrived at will be fitted into the existing scale.

Thereafter, to those employees who joined service before 1-4-1971 and continue to be in service two increments will be given in the existing scale where a scale exists and is applicable. The D.A. will be continued to be paid at the existing rates on this amount of pay. The total sum arrived at will be compared with the revised total pay-packet represented by the existing total emoluments plus the increase stated in (2) and (3) above. Any difference in favour of the employee still remaining will be paid to him as *ad hoc* allowance.

5. In case of an employee who has reached the maximum of his existing scale of pay or will do so by a part of the total increase, there will be no addition in the basic salary beyond what takes his pay to such maximum and the total increase or balance thereof, as the case may be, shall be deemed as *ad hoc* allowance.

6. It is further agreed that in case of employees referred to above in Clause (5) the amount of Rs. 40 or Rs. 25 respectively or a part thereof which is the balance left after the maximum in the scale is reached, as the case may be, shall be assumed to be basic pay only for the purpose of Bonus, Provident Fund and Gratuity.

7. Where there are neither scales of pay nor is an interim relief being given and where no interim relief is being given, the entire increase will be deemed as *ad hoc* allowance. Provided, however, in such cases Rs. 40 and Rs. 25 respectively thereof shall be assumed to be basic pay for the purposes of Bonus, Provident Fund and Gratuity only.

8. The foregoing benefits, will be effective from 1st April 1971 and the present Interim Relief shall be discontinued as from that date. (Amounts paid as Interim Relief with effect from 1-4-1971 will be adjusted towards payment due on the basis of the increases made herein).

9. For the period from 1st July 1968 to 31st March 1971 during which the dispute had, remained inconclusive, 15 per cent of the above total gross wages drawn by the workmen excluding however bonus and overtime allowance, but inclusive of the interim relief shall be paid in liquidation and final settlement of all demands pertaining to the period.

However, the workmen who left the employment of the company before the date of reference, will not be entitled to this or any other benefit under this Agreement.

10. This Agreement shall be operative till 31st December, 1972 or till such time the service conditions are modified and brought into force under any law or future settlement or award on the amalgamation of the company into any Corporation or Corporations, whichever event takes place earlier.

11. It is hereby declared and agreed by both the parties that by virtue of this settlement all demands in the Charter of Demands shall be deemed to have been withdrawn and that the existing terms and conditions of service otherwise prevailing shall continue unchanged.

12. The payment of arrears arising out of this settlement shall be made within a period of one month from the date of signing of this settlement.

ANNEXURE 'A'

BEFORE THE CENTRAL GOVERNMENT
INDUSTRIAL TRIBUNAL, DELHI

In the matter of an Industrial Dispute No. 7 of 1970

BETWEEN

The Employers in relation to Ruby General Insurance Company Ltd., with its District Office at Hazratganj, Lucknow.

AND

Their Workmen employed in the District Office at Lucknow and the Branches thereunder.

Both the parties to the above dispute most respectfully submit as under:—

1. That the above dispute is pending for adjudication before this Hon'ble Tribunal.

2. That on 13th May, 1971, the President of India promulgated an Ordinance called the General Insurance (Emergency Provisions) Ordinance of 1971 which was later on superseded by an Act of Parliament. That under the provisions of the said Ordinance, the Management of the Company was taken over by the Government of India and the Custodian was appointed.

3. That in consequence of the above changes, efforts were made to settle the above dispute through mutual negotiations.

4. Negotiations were, accordingly, held between the Custodian and the representatives of the General Insurance Employees All India Association from 25th to 27th September, 1971.

5. That as a result of the above negotiations, both the parties arrived at an amicable settlement on the following terms:

Terms of Settlement

1. This Agreement will apply only to those who are in service on the date it is executed or were in service till 31st March, 1971. Those who left service after 31st March, 1971 or are taken in service hereafter will not be entitled to claim any of its benefits.

2. The total emoluments payable shall be arrived at on the following basis:—

The existing basic salary in each case, as on 1st April, 1971, shall be taken and a sum of Rs. 70 added to it in the case of Assistants (including Record Clerks) and Rs. 45 in the case of Sub-Staff. On this assumed amount, the D.A. shall be calculated at the rate of 64 per cent in the case of Assistants and Record Clerks and 85 per cent in the case of Sub-Staff.

3. The total arrived at as above, less the present total emoluments, i.e., the increase, shall be subject to a minimum of Rs. 70 in the case of Assistants and Record Clerks and Rs. 50 in the case of Sub-Staff; and a maximum of Rs. 150 in the case of Assistants and Record Clerks and Rs. 110 in the case of Sub-Staff.

4. The increase in pay-packet as arrived at in (2) and (3) above, will be dealt with as under:—

In the case of Lucknow Office, Rs. 40 will be added to existing basic salary in the case of Assistants and Record Clerks and Rs. 25 in the

case of sub-staff; and in the case of branches under Lucknow Office, Rs. 30 will be added to the existing basic salary in the case of Assistants and Record Clerks and Rs. 20 in the case of sub-staff.

The D.A. at the existing rate will continue to be paid.

The total sum arrived at will be compared with the revised total pay packet represented by the existing total emoluments PLUS the increase stated in (2) & (3) above. Any difference in favour of the employees still remaining, will be paid to him as ad-hoc.

5. That foregoing benefits will be effective from 1st April, 1971, and the present interim relief shall be discontinued as from that date. (Amounts paid as interim relief with effect from 1st April, 1971 will be adjusted towards payment due on the basis of the increases made herein).

6. For the period from 1st of September, 1969 to 31st March, 1971, during which the dispute had remained inconclusive, 15 per cent of the total gross wages drawn by the workmen excluding bonus and overtime allowance, but inclusive of the interim relief, shall be paid in liquidation and final settlement of all demands pertaining to the period.

However, the Workmen who left the employment of the Company before the date of reference, will not be entitled to this or any other benefit under this Agreement.

7. This Agreement shall be operative till 31st December, 1972, or till such time the service conditions are modified and brought into force under any law or future Settlement or Award or the Amalgamation of the Company into any Corporation or Corporations, whichever event takes place earlier.

8. It is hereby declared and agreed by both the parties that by virtue of this Settlement, all other demands in the Charter of Demands shall be deemed to have been withdrawn and that the existing terms and conditions of service, otherwise prevailing, shall continue unchanged.

9. The payment of arrears arising out of this Settlement shall be made within a period of one month from the date of signing of this Settlement.

PARTIES:

Employers in relation to the Punjab National Bank.

AND

Their Workmen.

PRESENT

Shri A. C. Sen, Presiding Officer.

APPEARANCES:

For the Employers—Shri D. Narsingh, Advocate.

For the Workmen—Shri Ranen Roy, Advocate.

STATE: Bihar

INDUSTRY: Bank.

Camp: Bombay, dated the 20th December, 1971.

AWARD

The present reference arises out of Order No. 23/97/8/LR/III dated New Delhi 18th March 1970 passed by the Central Government in respect of an industrial dispute between the parties mentioned above. The matter in dispute is set out in the schedule to the said order which runs as follows:—

- (1) Whether the management of Punjab National Bank have properly fixed the pay and allowances of the employees of former Universal Bank of India Limited after its merger with the Punjab National Bank on the 5th August, 1967?
- (2) Whether the terms and conditions of service applicable to the employees of the former Universal Bank of India Limited after its merger with the Punjab National Bank are not in any way less favorable to the said employees than those applicable to them immediately before the merger?
- (3) To what relief, if any, are the said employees entitled?"

2. Written statement on behalf of the workmen was filed on 17th April 1970 and the written statement on behalf of the employers was filed on 23rd June 1970. The employers filed their rejoinder to the written statement of the workmen on 2nd July 1970 and the workmen filed their duplicate rejoinder on 14th September 1970.

3. The matter came up for hearing on 26th March 1971. A preliminary objection on that date was taken on behalf of the employers to the effect that the workmen were not entitled to claim any relief whatsoever from the employers, namely, the Punjab National Bank. The next date of hearing was fixed on the 5th of May, 1971 at Patna. It was stated in the order fixing the next date of hearing that hearing on that date would be confined to the preliminary issue, namely, whether the workmen are entitled to claim any relief whatsoever from the Punjab National Bank under any circumstances.

4. On 14th May 1971 when the case was taken up for hearing on the preliminary point it was contended on behalf of the Punjab National Bank that as the Industrial dispute related to the payment of retrenchment benefit under section 25FF of the Industrial Disputes Act, 1947 and to nothing else, such benefit was claimable only against transferor Bank, namely, the Universal Bank of India Ltd., and not from the transferee, namely, the Punjab National Bank. Accordingly, the Punjab National Bank prayed for no claim award without entering into the merits of the claim put forward by the workmen.

5. The learned Advocate of the Bank referred to clause (2) of the Schedule to the order of reference in support of his contention that the dispute relates to the payment of retrenchment benefit under section 25FF. Clause 2 of the schedule runs thus: "Whether the terms and conditions of service applicable to the employees of the former Universal Bank are not in any way less favourable to the said employees than those applicable to them immediately before the merger". He further argued that clause (1) of the schedule was redundant. Clause (1) runs thus:—"Whether the management of the Punjab National Bank have properly fixed the pay and allowances of the employees of former Universal Bank of India Limited after its merger with the Punjab National Bank on the 5th August, 1967".

6. It was pointed out on behalf of the management that according to the latest decision of the Supreme Court in the South Arcot Electricity Distribution Vs. Mohammed Khan 1970 (2) L.L.J.44 the workmen were not entitled to claim notice wages and retrenchment compensation from the Punjab National Bank even if their terms and conditions of service under the Punjab National Bank were less favourable than those under the Universal Bank of India Ltd. In the case cited by the management the Supreme Court has laid down that if any of the conditions laid down in the proviso to Sec. 25FF is not complied with the workmen, though taken in by the new employers, can ask for notice wages and retrenchment compensation, not from new employer but from the former employer. It was, therefore, contended on behalf of the Punjab National Bank, that the dispute with regard to notice wages and retrenchment compensation should have been raised with the Universal Bank of India and that the present reference was bad as no such dispute was raised with the previous employer and as no relief was claimed against the previous employer. I passed the following orders after hearing the argument on both sides on preliminary points. "On hearing both I am definite the preliminary point suggested by the management is without substance. The preliminary issue was raised by the management on the hypothesis that the dispute raised by the workmen related to notice wages and retrenchment compensation under section 25FF of the Industrial Disputes Act and that clause (1) of the Schedule to the Order of reference was redundant. The pleadings of the parties make it perfectly clear that the dispute raised by the workman has nothing to do with notice wages and retrenchment compensation under section 25FF of the Industrial Disputes Act. As a matter of fact no dispute was ever raised on this point by the workmen. Had it been a claim under Sec. 25FF the workmen could have applied under section 33C(2) for the enforcement of their claim as was done by the workmen in case of the South Arcot Electricity Distribution, 1970 (2) L.L.J.44".

7. As to whether clause (1) of the schedule to the order of reference is redundant or not I took the following view:—"The real dispute between the parties is contained in that clause. The erstwhile employees of the Universal Bank of India Ltd. became the employees of the Punjab National Bank on and from the date of merger namely, 5th August, 1967; and after becoming employees of the Punjab National Bank they raised the present dispute regarding fixation of pay and allowances with their new employers. It is this dispute which has been referred to this Tribunal for adjudication. Clause (2) of the Schedule to the Order of reference is incidental to clause (1), which contains the primary issue between the parties. One of the grievances of the workmen is that in fixing their scale of pay, the length of their service under the Universal Bank of India should be taken into consideration and that pay should be fixed from stage to stage according to the principles laid down in the Bipartite Agreement of 1966. The employers too do

not deny that scale of pay is to be decided in accordance with the Bipartite Agreement. There is however a difference of opinion between the parties as to the method of implementing the Bipartite Agreement.

8. I accordingly came to the following conclusion on the hearing of the preliminary objection: "It is, therefore, clear that there is a real industrial dispute between the parties raised subsequent to the date of merger and that the dispute cannot be resolved without hearing the parties on merits".

9. The reference matter was finally taken up to hearing on merits at Dehri-on-Sone on 21st October 1971. It was also heard on 22nd October 1971 but the matter remained part-heard.

10. This reference was again taken up for hearing at Dehri-On-Sone on 24th November 1971 and it was heard from day to day upto 27th November 1971.

11. I propose to deal with the respective cases of the parties in the present industrial dispute. It is the common case of both the parties that the management of the Punjab National Bank and the Universal Bank of India Ltd., met together and arrived at an agreement on 27th July 1967 by which the banking business of Universal Bank was transferred to and merged with that of Punjab National Bank from the 5th of August, 1967 and that all the workmen staff of Universal Bank of India Ltd., were absorbed by the Punjab National Bank with effect from the actual transfer dated 5th August 1967.

12. Part 16(a) of the Agreement aforesaid provides for the settlement of the terms and conditions of service of the taken over workmen staff in the following words:

"The Transferee agrees to take into its employment the employees of the transferer employed at its Head Office and its branches as on the date of actual transfer and list of such employees shall be prepared and submitted to the Transferee. In so far as such employees are workmen for the purpose of the Industrial Disputes Act, their transfer shall be governed by the provisions of Section 25FF of that Act and the Transferer and the Transferee shall issue notices to the employees accordingly before the date of actual transfer".

13. Accordingly notices were issued to the employees and they were taken over by the Punjab National Bank with effect from 5th August 1967.

14. The wages and other conditions of service of the general body of Bank employees were settled by an Industry-wise Agreement dated 19th October 1966, which is commonly known as The Bipartite Settlement. But the employees of the Universal Bank of India Ltd., were not covered by the said Bipartite Settlement and as such their pay etc., were not adjusted in terms of the Bipartite Settlement.

15. The grievance of the workmen is that the Punjab National Bank has imposed conditions of service on the taken over employees which are much less favourable than those applicable to them immediately before the transfer, particularly in the matters of (a) house allowance, (b) provident fund contributions, (c) retirement gratuity, (d) personal allowance and (e) medical benefits and facilities.

16. The workmen complain that they got no relief even though they made representation to the management individually and through their union from the very beginning. They have prayed for such award as may be deemed fit and proper.

17. In para 2 of the written statement submitted by the Punjab National Bank it has been stated that the present dispute has arisen out of the merger of the Universal Bank of India Ltd. with the Punjab National Bank by an agreement dated 27th July 1967, which-

inter-alia provides that the cases of the workmen staff of the transferor will be governed by the provisions of Sec. 25FF of the Industrial Disputes Act. The Punjab National Bank, therefore contends that the workmen of the transferor are entitled to claim retrenchment compensation from their erstwhile employer in the event of the three conditions mentioned in the proviso to that section not being satisfied and that it is this retrenchment compensation which is the subject matter of the present reference.

18. The first part of the reference is, according to the Punjab National Bank, redundant in as much as the fixation of pay and allowance is one of the terms and conditions of service included in item No. 2 of the reference. The first part is not only redundant but is also infructuous as it is not within the ambit of section 25FF.

19. The workmen taken over from the Universal Bank of India Ltd., says the Punjab National Bank, irrevocably accepted the terms of their employment including their pay and allowances as fixed by the Punjab National Bank and individually executed and signed a contract of employment. They also agreed, adds the Punjab National Bank, in the said contract to be governed by the rules and regulations of the Punjab National Bank in force from time to time in all matters including leave, travelling allowances, provident fund, security and other rights and privileges admissible to the Bank employees. The employers also contend that by reason of the said agreement the union is stopped from raising the present dispute on behalf of the workmen concerned and that the reference should be dismissed *in limine*.

20. On the date of amalgamation the service conditions of the workmen employed in the Punjab National Bank were governed by the Bipartite Settlement dated 19th October 1966 arrived at under the Industrial Disputes Act. The employers admit that the workmen of the Universal Bank who entered into the services of the Punjab National Bank on 5th August 1967 became automatically bound by the said memorandum of settlement dated 19th October 1966. They however think that the present reference is bad in law because the Punjab National Bank extended to the erstwhile workmen of the Universal Bank all the service conditions as laid down in the Bipartite Settlement for workmen of 'A' class Bank.

21. It is the common case of both sides that the Universal Bank of India Ltd. before amalgamation was an unscheduled bank with its Head Office at Dalmianagar and four offices at Dalmianagar, Sasaram, Dehri City and Aurangabad, all in the state of Bihar, and that the Universal Bank had employed only 43 workmen in all its four offices including its registered office. It is not disputed that the present reference relates only to those 43 workmen who joined the service of the Punjab National Bank. The employers assert that these 43 workmen voluntarily joined the service of the Punjab National Bank and accepted irrevocably the terms and conditions of service obtaining in the transferee Bank as per Bipartite Settlement.

22. The employers have stated as follows in clause 5 of para 5 of their written statement: "The Universal Bank was not a party to any of the awards given by the various Industrial Tribunals governing the service conditions of Bank employees in the country. The employees of the said Bank, therefore, did not enjoy at any time the benefits conferred from time to time on the workmen working by one Tribunal after another. The wage structure and other conditions of service of the employees of the Universal Bank were at all times at a much lower level than that of the employees of the Punjab National Bank and other banks which had been parties to the awards of different Tribunals referred to above". The workmen in their rejoinder dated 28th July 1970 have stated that the statements in clause 5 of para 5 of Employers' written

statement are partially true. Instead of categorically denying that the Wage structure of the employees of the former Universal Bank of India Ltd. was much lower than that of the employees of the Punjab National Bank, the workmen have simply said that it has been wrongly stated that the wage structure in the Universal Bank was lower than that in the Punjab National Bank. They have, however, asserted that the wage scale of employees of the former Universal Bank of India Ltd. was favourable comparable to that of the Punjab National Bank. The main grievance in their own words are "that although they have become the employees of the Punjab National Bank they were not being given proper salary and wages available to other employees of the Punjab National Bank".

23. The following facts have been set out in clauses 6 to 10 of para 5 of the employers written statement. On 19th October 1966, a number of Banking Companies including the Punjab National Bank represented by the Indian Banks' Association, Bombay, executed a memorandum of settlement along with the representatives of the employees before the Chief Labour Commissioner (C), Government of India. The said memorandum of settlement modified and further improved the wage structure and other conditions of service of the employees working in the various banks in the country beyond what was prescribed in the previous awards. The Universal Bank was not a party to the said memorandum of settlement or any of the earlier awards applicable to the Bank employees. The Punjab National Bank took over certain assets and liabilities of the Universal Bank with effect from 5th August 1967 on the basis of an agreement dated 27th July 1967. By the said agreement, the services of such of the workmen staff of Universal Bank who accepted the terms and conditions of service obtaining in the transferee Bank were taken over by the Punjab National Bank in terms of section 25FF of the Industrial Disputes Act, 1947. The taken over employees of the Universal Bank individually executed and signed a contract of employment irrevocably accepting the terms and conditions of service as obtaining in the Punjab National Bank as provided in the Bipartite Settlement.

24. The aforesaid facts were controverted by the workmen. At the time of take-over, say the workmen, there was a strong protest by them through their union and the Asst. General Manager, Eastern Circle, Punjab National Bank assured that the protest made by the workmen through their union would be considered and advised them to sign the appointment form and to protest in a separate letter. The union accordingly advised the workmen to sign the form and a separate protest letter was submitted to the authorities immediately by the union. Their further case is that since then the management kept the matter pending and the workmen too have not yet signed and executed the "Bank Standard Service Agreement Form" which lays down conditions of service for the employees of the Punjab National Bank. They deny that the workmen of Universal Bank voluntarily joined and irrevocably accepted the terms and conditions of service of the Punjab National Bank. Hence, they assert, it is wrong to say that the workmen accepted the service conditions of the Punjab National Bank. They further say that the union on behalf of the workmen were fully competent to raise the present dispute.

25. As to the implementation of the provisions laid down in the Bipartite Settlement dated 19-10-66, the grievance of the workmen is that the management has not yet implemented the provision as to method of adjustment of Pay Scale as laid down in that settlement although all the workmen staff of former Universal Bank of India Ltd., have been absorbed with continuity of their service.

26. The employers in clause (ii) of para 6 of their written statement have explained the method followed in fixing the basic pay drawn by the workmen staff of the Universal Bank on 4-8-67 in these words: "... the basic pay drawn by them on 4-8-67 has

been fitted at the pivotal point of Bipartite Settlement scale of pay applicable to area III in which 4 (four) offices of the Universal Bank are situated. They have been further allowed D.A. on the pay so fixed in terms of the provisions of the Bipartite Settlement. In cases where their existing emoluments fell short of the total emoluments drawn by them in the Universal Bank, the difference has been allowed as fixed personal allowance. Thus their total emoluments. in the Universal Bank have in every case been protected, besides higher rate of increment and ceiling of the grade. Bonus has been allowed to them over and above the emoluments so fixed". They think that the demand of the union for stage to stage adjustment is misconceived and untenable as the workmen of the Universal Bank were not governed by Sastry or Desai Award. The workmen, on the other hand, assert that the Punjab National Bank acted in a most illegal and arbitrary manner in ignoring the principle laid down by various awards and even by the Bipartite Settlement.

27. It has been stated in clause (13) of para 6 of the employers' written statement that considering the better scale of pay, higher rate of increments, higher D.A. and other benefits the erstwhile employees of the Universal Bank became entitled to more favourable terms and conditions of service than they were enjoying under their previous employers.

28. The employers think that the demand of the workmen for house rent is untenable because such demand does not find support in any Award or Settlement. They contend that since totality of emoluments including house rent allowance as drawn by them in Universal Bank has been maintained in all cases, the workmen concerned have been allowed the benefit of house rent allowance.

29. The employers think that the demand of the workmen concerned that they should continue to be paid personal allowance as drawn by them in Universal Bank is without any justification. As to gratuity they assert that the gratuity scheme as a whole prevailing in the Punjab National Bank is not less favourable than that of the Universal Bank. The provident fund rules of the Punjab National Bank, according to the employers, are not in any way less favourable than those of the Universal Bank.

30. The employers do not admit that the medical aid given to the workmen taken over by the Punjab National Bank is less favourable than the aid enjoyed by them in the Universal Bank.

31. The first question for consideration is whether the management of the Punjab National Bank have properly fixed the pay and allowance of the employees of former Universal Bank of India Ltd. after its merger with the Punjab National Bank on the 5th August, 1967. Annexure 'A' to the rejoinder of the employers dated 16th July 1970 marked as Ext. M.1 shows the salary adjustment of the workmen staff of the Universal Bank in the Punjab National Bank after the merger of the former with the latter. It appears from Ext. M.1 that as many as 43 workmen staff of the Universal Bank joined the services of the Punjab National Bank after amalgamation on 5th August 1967, out of which 26 were absorbed in the clerical staff and the rest in the subordinate staff.

32. The starting pay of the workmen staff of the Universal Bank was fixed in the following manner. The basic pay drawn by them as on 4th August 1967 was fitted at the pivotal point of Bipartite Settlement scale of pay applicable to area III in which 4 offices of the Universal Bank are situated. They were further allowed D.A. on the pay so fixed in terms of the provisions of the Bipartite Settlement. In case where their existing emoluments fell short of the total emoluments drawn by them in the Universal Bank, the difference was allowed as fixed personal allowance to be adjusted out of the future increments or fall in D.A. Ext. M1

explains how the starting pay of each of the 43 employees of the Universal Bank taken over by the Punjab National Bank was fixed. By way of illustration I may refer to the emolument given to the first employee in Ext. M1, viz Bhagwan Prasad, Clerk as starting pay. In the Universal Bank he was entitled to get as his total emolument immediately before joining the Punjab National Bank a sum of Rs. 319.05, made up of Rs. 165.00 as basic pay, plus Rs. 91.25 as dearness allowance, plus Rs. 30 as house allowance and plus Rs. 32.80 as personal allowance. On his appointment as an employee of the Punjab National Bank on 5th August, 1967 his total monthly emolument was fixed at Rs. 319.05 made up of Rs. 166.00 as basic pay, plus Rs. 119.52 as dearness allowance, plus Rs. 33.53 as personal allowance to make up the short fall in total emolument. The basic pay that way payable to him in the Universal Bank immediately before amalgamation was fixed as his basic pay by the Punjab National Bank after amalgamation. The parity between the past salary drawn in the Universal Bank and the starting salary fixed by the Punjab National Bank was maintained by means of increased dearness allowance and personal allowance.

33. The workmen contend that in fixing the starting basic pay the Punjab National Bank should have taken into consideration their past services in the Universal Bank. In order to test the validity of this contention it will be necessary to refer to certain facts. The amalgamation between the two banks took place on the basis of an agreement dated 27th July, 1967. Clause 16 of the agreement deals with the employees of the Universal Bank to be taken over by the Punjab National Bank. Sub-clause (a) of clause 16 provides *inter-alia* as follows:—

"The Transferee agrees to take into its employment the employees of the Transfer or employed at its Head Office and its branches as on the date of the actual transfer and a list of such employees shall be prepared and submitted to the Transferee. In so far as such employees are workmen for the purposes of the Industrial Disputes Act their transfer shall be governed by the provisions of section 25FF of that Act. In respect of its other employees the Transferor shall use its best endeavour to obtain their consent in writing to join the services of the Transferee which shall be obtained before the date of actual transfer and the emoluments of the employees who so join the services of the Transferee will be adjusted so as to maintain the totality of their emoluments paid by the Transferor at the time of actual date of transfer."

34. Under the agreement the transfer of the workmen employees is to be governed by section 25FF of the Industrial Disputes Act. The operative part of section 25FF provides for compensation to workmen in case of transfer of undertakings. We are not at all concerned with the question of compensation because no one among the workmen employees has claimed compensation. The proviso to section 25FF contemplates a case where no compensation is payable by reason of the transfer of an undertaking. It is the proviso which is applicable to the present case. Three conditions laid down in the proviso must be fulfilled in order that a workman may be precluded from claiming compensation on the transfer of an undertaking. The first condition lays down that the service of the workman must not be interrupted by the transfer contemplated by section 25FF. Hence when sub-clause (a) of clause 16 of the agreement dated 27th July, 1967 says that the transfer of the workmen employees shall be governed by section 25FF what is meant is that their services shall not be interrupted by the transfer contemplated by the agreement of 27th July, 1967.

35. Shri Narsingh appearing on behalf of the management argues that the words "their transfer shall be

governed by the provisions of section 25FF" mean that they, i.e. the workmen employees will be entitled to claim compensation if the three conditions laid down in the proviso to the section are not fulfilled. I cannot accept this interpretation. In interpreting clause 16(a) of the agreement it must be borne in mind that the Punjab National Bank agreed by this clause to take into its employment the employees of the Universal Bank. The proviso to section 25FF contemplates a case where the workmen of the transferor undertakings are taken into employment by the transferee undertaking. Therefore the words "their transfer shall be governed by the provisions of Section 25FF" in clause 16(a) really mean that the Punjab National Bank will fulfil all the conditions laid down in the proviso to section 25FF of the Industrial Disputes Act in absorbing the employees of the Universal Bank. In other words, the agreement of 27th July, 1967 assures the workmen employees that their services shall not be interrupted, that the terms and conditions of service applicable to them after the amalgamation shall not be in any way less favourable to them than those applicable to them immediately before the amalgamation, and that the new employer, shall be, under the terms of amalgamation or otherwise, legally liable to pay to them, in the event of their retrenchment, compensation on the basis that their services have been continuous and have not been interrupted by the transfer.

36. In Sub-clause (b) of clause 16 the Punjab National Bank has undertaken the liability in respect of gratuity for the past services of the workmen concerned. The relevant portion of that sub-clause runs thus: "The Transferee undertakes the liability if any, in respect of gratuity payable to such of the staff (workmen and officers) as join the services of the Transferee for the past services rendered by them with the transferer". Sri Narsingh argues that this sub-clause clearly shows that past services of the concerned workmen will be taken into consideration only for the purpose of gratuity and for no other purpose. I cannot accept this argument. A special provision for gratuity in respect of past services has been made because the proviso to section 25FF does not provide for gratuity for past services when there is no retrenchment. Sub-clause (b) of clause 16 rather shows that the intention of the Punjab National Bank was to absorb the workmen employees without any break in their services.

37. That the services of the workmen were not to be interrupted by their transfer to the Punjab National Bank will be evident from Ext. W2 which is a letter dated 3rd August, 1967 addressed to Shri Kapildeo Singh one of the workmen concerned to say that he would become an employee of the Punjab National Bank with effect from 5th August, 1967. The last line of the first paragraph of this letter says that "by this transfer your service will not be deemed to have been interrupted".

38. The Asstt. General Manager of the Punjab National Bank Ltd. directed the Officer Incharge, Sasaram to prepare the priority list by allotting one mark for every completed year of service with Universal Bank as on 1st October each year. The letter (Ext. W29) runs thus: "The priority list in terms of our circular dated 17th September, 1968 may be prepared in terms of Staff Deptt. Circular No. 561 dated 3rd March, 1964 by allotting one mark for every completed year of service with Universal Bank as on 1st October each year". Ext. W26 is the priority list of clerks working in Eastern Circle other than Calcutta offices as on 1st October, 1969. Many of the workmen employees taken over from the Universal Bank occupy very high position in the priority list. In fact the second place is occupied by S. K. Biswas of Universal Bank. It is clear that the past services of the workmen employees taken over from the Universal Bank have been taken into consideration in preparing the priority list.

39. Past services of the workmen employees of the Universal Bank taken over by the Punjab National Bank have been taken into consideration in determining their entitlement of sick leave or full pay. Reference may be made in this connection to Ext. W30 which is a letter written by the Asstt. General Manager to the Officer Incharge, Sasaram on sick leave applicable to ex-employees of the Universal Bank. The relevant portion of Ext. W30 runs thus: "Since the employees of the Universal Bank of India Ltd. have been taken over by us with continuity of service, the period of services put in by them with Universal Bank of India Ltd. shall have to be taken into account in determining the entitlement of sick leave on full pay.....".

40. The position as to continuity of service may thus be summed up. Continuity of service of the ex-employees of the Universal Bank was assured in the agreement of 27th July, 1967. The letter of appointment issued to each ex-employee assured him that by his transfer to the Punjab National Bank his service would not be deemed to have been interrupted. The priority list has been prepared by taking into consideration the past services of the ex-employees of the Universal Bank. Past services in the Universal Bank have been taken into consideration in determining entitlement to sick leave on full pay. Again the Asstt. General Manager of the Punjab National Bank in his letter dated 30th January, 1968 written to the Manager, Dalmianagar (Ext. W31) has clearly stated that the workmen staff of the Universal Bank have been allowed continuity service under the agreement. That being the position there is no reason why the past services of the 43 workmen employees of the Universal Bank should not be taken into consideration in fixing their starting basic pay on their transfer to the Punjab National Bank.

41. Each workman has been given as basic pay the amount received by him as basic pay immediately before his transfer to the Punjab National Bank. He is certainly entitled to a higher basic pay, if his past service in the Universal Bank is taken into consideration. His position in the new scale has been determined in accordance with the basic pay last paid to him in the Universal Bank. But his position in the new scale should have been determined in accordance with the length of his service in the Universal Bank.

42. Shri Narsingh argues on behalf of the management that the basic pay mentioned in the letter of appointment given to each of the ex-employees of the Universal Bank is binding on him and that he is estopped from demanding a higher basic pay on his transfer to the Punjab National Bank. For a proper answer to this argument it is necessary to consider certain facts. Ext. M.16 is the letter dated 3-8-1967 offering appointment to Sailendra Kr. Ghose one of the ex-employee of the Universal Bank. As to his emoluments Ext. M.16 provides as follows:

"Basic Pay.—Rs. 137 p.m.

Dearness Allowance.—It would be paid to you as payable to other members of the workmen staff from month to month as provided in the Bipartite Settlement.

Personal Allowance.—Rs. 34.81 P. Personal allowance will not count towards any benefits like Provident Fund, Bonus, Gratuity, etc., and will be set off against future increase in emoluments".

43. Ext. M.16 also lays down the other conditions of service. The last but one para of the letter requires the employee to give his acceptance as per draft appended if he agrees to the conditions mentioned in the letter. The employee concerned accepted the offer as per draft appended to Ext. M.16. Ext. M.16 requires the employee to execute the Bank's Standard Service Agreement on his joining the Punjab National Bank. The workmen have not yet signed and executed the "Bank Standard

Service Agreement Form" which lays down conditions of service for the employees of the Punjab National Bank.

44. It has been stated in para 4 of the rejoinder filed by the workmen that at the time of take-over there was a strong protest by the workmen through their union, and that the Asstt. General Manager, Eastern Circle, Punjab National Bank assured that the protest made by the workmen through their union would be considered and advised them to sign the appointment form and to protest by a separate letter. The union accordingly advised the workmen to sign the form and a separate protest letter was submitted to the authorities immediately by the union. Ext. W.7, a letter dated 4-8-1967 written to the Asstt. General Manager of the Punjab National Bank by the General Secretary of the Union lends support to the aforesaid averments in para 4 of the workmen's rejoinder. The said letter runs as follows: "The undersigned objected to sign on the appointment form and also directed the members not to sign if we would accept, accept under protest, because the terms and conditions and fitment of salary as laid down in the said form is not at all acceptable to us and we are fully unaware about the details of Bipartite Settlement. But your goodself advised not to write any remark on the Appointment Form, but to protest in a separate letter and the same will be considered as protest. On the assurance of your goodself, the undersigned is directing the members to sign the form."

Hence, please treat this as a protest letter against the said appointment letter".

45. The letter Ext. W.7 clearly shows that the ex-employees of the Universal Bank signed the acceptance form under protest. I am not inclined to attach much importance to the signing of the acceptance form, because the alternative to signing the form was unemployment and perhaps starvation. Moreover the workmen have raised an industrial dispute on the question of fitment and conditions of service. An award is to be given, if necessary, by disregarding the legal consequence of the signing of the acceptance form annexed to Ext. M.16. The question of estoppel cannot arise at all.

46. In my opinion the basic pay of each of the 43 ex-employees of the Universal Bank should be fixed in accordance with their length of service in the Universal Bank. The workmen have filed a chart—Ext. W.27—showing the basic pay which should have been paid to each workman on 5th August, 1967. The chart has been prepared according to the principles laid down in paras 4.7 and 4.8 of the Bipartite Settlement under the heading "Method of Adjustment in the new scales of pay". I am inclined to adopt those principles in fitting the 43 employees of the Universal Bank into the scales of pay prevailing in the Punjab National Bank on 5th August, 1967.

47. Ext. W.27 was prepared by WW.1. He called all the workmen mentioned in the chart and they verified the chart and found it to be correct. Shri Narsingh characterises the chart as hearsay evidence because the workmen who verified the chart have not been examined. I am not prepared to discard Ext. W.27 on that ground. The respective dates of appointment of the 43 workmen have been mentioned in the chart. Those dates substantially tally with the dates of appointment mentioned in Ext. M.20 filed by the management. Ext. M.20 also mentions the grades of the respective employees. It is not difficult to ascertain the state of each employee in the existing grade. In Ext. W.27 every workman has been fitted in the new scales of pay on a stage-to-stage basis as on 5th August, 1967. It is not the case of the management that the employees have not been properly fitted into the new scales according to the principles laid down in para 4.7 and 4.8

of the Bipartite Settlement. According to the management the ex-employees cannot claim to be fitted in the new scales of pay on a stage-to-stage basis.

48. I have stated that the ex-employees should be fitted in the new scales of pay on a stage-to-stage basis according to the principles laid down in paras 4.7 and 4.8 of the Bipartite Settlement. In Ext. W.27 the adjustment in respect of basic pay has been made according to those principles. Ext. W.27 provides of special allowance to some of the employees. That has been done in accordance with the recommendation in the Bipartite Settlement. In my opinion the special allowance given to some of the workmen in Ext. W.27 should not be disturbed. I am further of opinion that the dearness allowance payable to a workman on 5th August, 1967 has been correctly shown in Ext. W.27.

49. Ext. W.27 in fitting the ex-employees of the Universal Bank into the new scales of pay has provided for personal allowance and house allowance which were paid to them by the Universal Bank immediately before amalgamation. It seems that the ex-employees of the Universal Bank were paid house allowance and personal allowance on the basis of the Settlement arrived at on 25th June, 1960 between Messrs. Rohtas Industries Ltd. and their workmen in course of conciliation proceedings held on that date before Shri L. D. Sinha, Asstt. Labour Commissioner and Conciliation Officer, Patna Division [Ext. M.13(a)]. The benefits of this settlement were extended to the workmen of the Universal Bank by the award given by Shri H. Chaudhuri, Presiding Officer, Industrial Tribunal, Bihar on 22nd September, 1962 [Ext. M.3(b)]. Clause 4-b of the settlement dated 25th June, 1960 provides *inter alia* that the scales of house allowance may be altered if a revision of the wage structure takes place in future. I have held that the ex-employees of the Universal Bank should be fitted into the new scales prevailing in the Punjab National Bank according to the principles laid down in paras 4.7 and 4.8 of the Bipartite Settlement. If that is done the starting emoluments of these ex-employees on their absorption by the Punjab National Bank will be so substantially increased, and there will be no necessity of giving them any house allowance to which they are not entitled under the rules and regulations of the Punjab National Bank.

50. As to personal allowance, clause 5-c of the settlement dated 25th June, 1960 (Ext. M.3a) provides *inter alia* that when a workman is promoted to a higher grade the personal allowance may be adjusted. In my opinion as the ex-employees of the Universal Bank are to be fitted into the new scales from stage-to-stage there is no necessity of granting any personal allowance to them.

51. As to the first question my answer is that the management of the Punjab National Bank have not properly fixed the pay and allowances of the employees of the former Universal Bank's of India Limited after its merger with the Punjab National Bank on the 5th August, 1967. Their pay and allowances should be fixed in accordance with the entries under the heading "salary to be fitted as per Bipartite Settlement. Cl. 4.7" and under the heading "As per para 4.8(a) & (b)" in the chart submitted by the workmen (Ext. W.27) after disallowing the amounts on account of P.A. (personal allowance) and H.A. (house allowance). The parties may however amend the said entries by mutual consent. I am awarding accordingly. I further award that the ex-employees of the Universal Bank will be paid their emoluments according to this fitment with effect from January, 1972 and that they shall have no claim on the management for arrear of pay from 5th August, 1967 till effect is given to the fitment awarded by me. Ext. W.27 is being annexed to the award and it shall form part of the award.

52. The second question for consideration is whether or not the terms and conditions of service applicable to the employees of the former Universal Bank

after its merger with the Punjab National Bank are less favourable to the said employees than those applicable to them immediately before merger. This question has to be considered as a whole after taking into consideration the over all advantages which the employees concerned have been enjoying after the merger of the two Banks and not in isolation in respect of any individual item in the conditions of service. The matter is to be looked at not piece-meal but as an integrated whole.

53. Ext.W28(a) is the comparative chart showing loss to each and every employee of former Universal Bank in respect of provident fund contribution after its merger with the Punjab National Bank as on 5th August, 1967. This chart gives no idea as to what amount an employee will get from the provident fund when he retires and whether that amount will be less than the amount that he would have got from the Universal Bank till the date of his retirement on his scale of pay in that Bank immediately before his transfer to the Punjab National Bank. Moreover in the chart the provident fund contribution in the Punjab National Bank per month has been calculated on the basis of the basic pay fixed by the management. As per recommendation made by me the basic pay of each of the ex-employees of the Universal Bank will be much higher. Hence there is no possibility of the workmen suffering any loss on account of provident fund contribution in the Punjab National Bank. Again if we consider the salient features of the provident fund scheme in both the banks as contained in annexure 'B' to the rejoinder of the management it cannot be said that the condition of service in the Punjab National Bank is worse than that in the Universal Bank in the matter of provident fund.

54. Ext. W28(b) is a chart showing loss in respect of gratuity at the time of retirement. The chart does not show what amount a workman would have got as gratuity if he continued in the service of the Universal Bank on the scale of pay of that Bank immediately before amalgamation and what amount he is likely to get from the Punjab National Bank on the scale of pay recommended by me. So from Ex. W28(b) it cannot be said that the condition of service in the Punjab National Bank is worse than the condition of service that obtained in the Universal Bank immediately before amalgamation so far as gratuity is concerned. Again if the salient features of the gratuity scheme in both the Banks as contained in annexure 'C' to the rejoinder of the management are compared, then too, it cannot be said that the condition of service in the Punjab National Bank is worse than that in the Universal Bank so far as gratuity is concerned.

55. Appendix 'D' to the rejoinder of the management contains a list of benefits not available to the workmen in the Universal Bank but admissible in deserving cases to the workmen of the Punjab National Bank. These benefits must be taken into consideration before it can be said that the terms and conditions of service applicable to the employees of the Universal Bank

after its merger with the Punjab National Bank are less favourable to the said employees than those applied to them immediately before the merger. Again, in Punjab National Bank the scales of pay is better of increments is higher, ceiling of the grade is higher, dearness allowance is higher and linked with cost of living and promotional opportunities are wider.

56. It has been argued at great length on behalf of the workmen that they are substantially loser so far as medical benefit is concerned. The case for the workmen on this point can be gathered from the following extract from Ext. W24a (Report of the Union to the Asstt. Labour Commissioner (Central): "The employees of the former Universal Bank of India Ltd., were getting free Medical Aid and facilities from the management through the Hospital of Rohtas Industries Ltd., located in Daimianagar, without any limitation but after taking over, the Bank has limited the quantum to the extent of Rs. 75/- per year only and this has resulted in the reduction in their annual wages....." In annexure B4 to the written statement of the workmen it has been stated that medical facilities were available to the workmen staff of former Universal Bank of India Ltd., before merger at par with the employees of Rohtas Industries Ltd., as per award given by Shri H. K. Chowdhury. Shri H. K. Chowdhury by this award in September, 1962 merely extended the benefits of the settlement dated the 25th June, 1960 between the Rohtas Industries Ltd., Daimianagar and the Rohtas Industries Mazdoor Union, Daimianagar to the workmen of the Universal Bank. But in the said settlement of June 1960 there is no mention of medical facilities. The documents filed by the workmen do not indicate that the employees of the Universal Bank before amalgamation were entitled to free medical aid and facilities from the management through the Hospital of Rohtas Industries Ltd. without any limit. There is also no oral evidence to this effect. Therefore, I am not in a position to hold that the condition of service as regards medical facilities is worse in the Punjab National Bank than what it was in the Universal Bank. As a result of the foregoing discussion as to the condition of service in the two Banks I am constrained to hold that the terms and conditions of service applicable to the employees of the former Universal Bank after its merger with the Punjab National Bank are not in any way less favourable to the said employees than those applicable to them immediately before merger and that consequently they are not entitled to claim any relief on that account from the management of the Punjab National Bank.

57. As I have answered the first question in favour of the workmen and the second question against the workmen the award given by me in para 51 in my final award in this case.

58. Let a copy of this award be forwarded to the Central Government under section 15 of the Industrial Disputes Act, 1947.

(Department of Labour and Employment)

New Delhi, the 24th January 1972

S.O. 441.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of Shri R. J. T. D'Mello, Deputy Chief Labour Commissioner (Central), New Delhi, in the industrial dispute between the employers in relation to the management of Victory Colliery (G. L. Group), Post Office Gogla, District Burdwan and their workmen, which was received by the Central Government on the 15th January, 1972.

Copy of letter No. Con. III/178/4/71, dated the 15th January, 1972 from Shri R. J. T. D'Mello, Deputy Chief Labour Commissioner (Central) and Arbitrator, Office of the Chief Labour Commissioner (Central) New Delhi addressed to the Secretary to the Government of India, Department of Labour and Employment, New Delhi.

SUBJECT:—Industrial dispute between the management of Victory (G. L. Group) Colliery of Messrs Coal Products (P) Ltd., P.O. Gogla, Distt. Burdwan and their workmen over rate of V.D.A. w.e.f. 1st April, 1970 and 1st October, 1970.

I have to state that by an agreement dated 26th March, 1971 between the management of Victory (G. L. Group) Colliery and their workmen represented by the Colliery Mazdoor Sabha (AITUC), G. T. Road, Asansol, the parties agreed to refer the following dispute for my arbitration under Section 10-A of the I.D. Act, 1947 (*Vide Ministry's order No. L/1913/7/71-LRIL*, dated 27th April, 1971).—

"Keeping in view the recommendations of the Central Wage Board for the Coal Mining Industry as accepted by the Government of India in their Resolution No. WB-16(5)/66, dated the 21st July, 1967 as well as the financial position of Victory (G. L. Group) Colliery of M/s. Coal Products (P) Ltd., P.O. Gogla, Distt. Burdwan, (West Bengal) what should be the rate of D.A. payable to the workmen employed at Victory (G. L. Group) Colliery with effect from 1st April, 1970 and 1st October, 1970?"

2. As per the agreement, the award was to be given within a period of 130 days (i.e. by 2nd August, 1971) or within such further time as is entered by mutual agreement between the parties in writing.

3. As usual, I called for the respective statements of the case from the parties as well as their comments on each other's statement by the specified dates under notice dated 20th April, 1971. The Union submitted its statement of the case on 2nd May, 1971 but the management sought for time first by one month, *vide* their letter dated 10th May, 1971 and subsequently by two months, *vide* their letter dated 16th July, 1971. The management submitted their statement with their letter dated 1st September, 1971. In the meanwhile, the parties had agreed to extend the period of giving the award upto 30th September, 1971. As the comments of the union on the statement of the management and the comments of the management on the statement of the union had not been received, the parties were requested through the RLC(C), Asansol, to extend further the period of giving award upto the end of October, 1971. When RLC discussed the matter with the parties the union did not agree to extend the period on the ground that it was no longer interested in the matter. Thereupon, I wrote to the Union on 21st October, 1971 requesting it to agree to the extension of time. The Union did neither send any reply to my letter nor furnish its comments on the statement of the management. The management, too, did not furnish their comments on the statement of the Union. The RLC(C), Asansol, has informed that the union is no longer interested in

the matter since it is now not functioning at Victory (G. L. Group) Colliery and that another union, namely Asansol Coal Field Workers' Union (NFITU), is at present, functioning there.

In the circumstances, I could not hear the parties in this case and the time-limit for giving my award has also expired on 30th September, 1971. Obviously, the parties are not keen for disposal of this case. I am, therefore, treating this case as closed.

S.O. 442.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of Shri O. Venkatachalam, Chief Labour Commissioner (Central), New Delhi, in the industrial dispute between the employers in relation to the management of Modhujore Colliery of Messrs Modhujore Coal Company (Private) Limited, Post Office Kajoragram, District Burdwan and their workmen, which was received by the Central Government on the 4th January, 1972.

Copy of letter No. Con. III/98/2/71, dated the 3rd January, 1972 from Shri O. Venkatachalam, Chief Labour Commissioner (Central) and Arbitrator, Office of the Chief Labour Commissioner (Central), New Delhi, addressed to the Secretary to the Government of India, Department of Labour & Employment, New Delhi.

SUBJECT:—Industrial dispute between the management of Modhujore Colliery and their workmen over the alleged illegal dismissal of Shri Ramnath Singh and ten others.

I have to state that by an agreement dated 22nd April, 1971 between the Management of Modhujore Colliery and their workmen represented by the Colliery Mazdoor Union (INTUC) Asansol the parties agreed to refer the above dispute for my arbitration under Section 10A of the I.D. Act, 1947 (*vide* Ministry's notification No. L/1913/8/71-LRIL, dated 22nd May, 1971). As per the agreement, the award was to be given within a period of 180 days i.e., by 21st October, 1971).

2. As usual I called for the respective statements of the case from the parties as well as their comments on each other's statement by the specified dates but the parties failed to submit their statements. The first hearing was fixed for 2nd August, 1971 at Calcutta. The union's representative attended this hearing and submitted the union's statement of the case, but no one appeared on behalf of the management. After going through the terms of reference and perusing the union's statement of the case, I called upon the union to furnish the relevant documents together with a statement explaining how injustice was done to the concerned workmen and how their dismissal from service amounted to victimisation. The union's representative promised to do so but has not done so far. The management submitted their statement of the case in September, 1971. The parties submitted a joint application in the second week of November, 1971 extending the date for making my award till 31st December, 1971.

3. The next hearing of the case as fixed at Calcutta on 22nd November, 1971. The Welfare Officer of the Colliery appeared on this date but sought adjournment on the ground that their Chief Personnel Officer was preoccupied with his daughter's marriage. No one appeared on behalf of the union on the plea that its office bearers were held up at Nagpur in connection with the annual conference of INTUC. The hearing was, therefore, adjourned and posted for 2nd December, 1971 in my office at Delhi. Although at my instance the management agreed to pay travelling expenses to and from Delhi for two representatives of the union for attending the hearing on 2nd December, 1971, the union expressed its inability to attend this hearing. Although the Management as requested in November, 1971 to send a copy each of the depositions of witnesses examined in domestic enquiry, they have not furnished them so far.

4. In the circumstances, I could not hear the parties in this case nor did they submit the relevant particulars/documents as directed by me although the time-limit for making my award has already expired on 31st December, 1971. It appears that the parties, are not keen for disposal of this case. I have also to hand over charge of my office on 15th instant in order to join the ILO. I am, therefore, treating this case as closed.

S.O. 443.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal (No. 1), Dhanbad, in the industrial dispute between the employers in relation to the management of North Sinidih Colliery of Messrs North Sinidih Colliery Company, Post Office Jharia, District Dhanbad, and their workmen, which was received by the Central Government on the 10th January, 1972.

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. 1, DHANBAD

In the matter of a reference under section 10(1)(d) of the Industrial Disputes Act, 1947.

REFERENCE NO. 42 OF 1971

PARTIES:

Employers in relation to the management of North Sinidih Colliery of Messrs North Sinidih Colliery Company, Post Office Jharia, District Dhanbad.

AND

Their Workmen.

PRESENT:

Shri A. C. Sen, Presiding Officer.

APPEARANCES:

For the Employers:—Shri B. Joshi, Advocate.

For the Workmen:—Shri Lalit Burman, General Secretary, Bihar Koyla Mazdoor Sabha, Dhanbad.

STATE: Bihar

INDUSTRY: Coal.

Dhanbad, dated the 10th January, 1972.

AWARD

The present reference arises out of an Order No. L/2012/116/71-LRIL dated, New Delhi, the 19th August, 1971 in respect of an industrial dispute between the parties mentioned above. The subject matter of the dispute is set out in the schedule to the said order which runs as follows:

"Whether the action of the management of the North Sinidih Colliery of Messrs North Sinidih Colliery Company, Post Office Jharia, District Dhanbad, in not offering re-employment to Sarvashri J. N. Tewari, B. N. Roy and Rameshwar Mishra, retrenched Mining Sirdars, with effect from the 9th February, 1971, is justified? If not, to what relief are the workmen concerned entitled?"

2. Written statement on behalf of the workmen was received on 1st October, 1971. The written statement on behalf of the employers was received on 6th October, 1971. Rejoinder on behalf of the employers was filed on 1st November, 1971. The case came up for final hearing on 4th January, 1972.

3. After hearing the arguments of both sides and after going through the record of the case including the evidence given on behalf of the management I feel that the management should have offered employment to only one out of the three workmen concerned. The

mine was worked after its suspension in September, 1970 only for less than three months, from the 9th February, 1971 to 28th April, 1971. Mr. Burman submits that if wages for this period are paid to Sri Rameshwar Mishra, he will not press the claim of the other two for wages during this period and that he will also not press the claim for future employment if and when the working of the mine is resumed in full in future. Shri Joshi appearing on behalf of the management is willing to accept the proposal of Shri Burman. Accordingly award that Shri Rameshwar Mishra shall be paid his wages for the period from 9th February 1971 to 28th April, 1971, that nothing is to be paid to the other two workmen as wages for this period and that when the working of the mine is resumed in full in future the management will consider the question of re-employing them except J. N. Tewari who has already become an overman.

4. This is my award. Let a copy of this award be sent to the Ministry as required under section 15 of the Industrial Disputes Act, 1947.

(Sd.) A. C. SEN,
Presiding Officer.
